## WOMAN WAS BURNED TO DEATH

Sydney, N.S., Nov. 30.—Mary Lewis, twenty-four, met death when fire destroyed the family residence at Coxhead, three miles above here, at an early hour yesterday. The incessant

barking of a dog wakened Roger Lewis, the eldest brother of the deceased, who found the house in flames. He aroused the six other members of the family, who escaped in their night clothes. Mary Lewis was suffocated before she could be brought out.

## LOWER RATES ON GRAIN TO COAST

Railways' Action Assists Shipments From B. C.

Calgary, Nov. 30.—By the voluntary action of the Canadian Pacific Railway and the Canadian National Railway, freight rates on grain to Vancouver for export will be lowered, the new rates to become effective December 1. The recent reduction in freight rates as ordered by the Board of Railway Commissioners, only dealt with domestic rates, the Commission refusing to order a reduction on the freight rates on grain for export to Vancouver, but the railways have acceded to the desire of the prairie shippers.

This will mean that similar reductions will be made on grain for export as on domestic grain. It will be remembered that in September, 1920, the Railway Commission granted the railways an increase of 25 per cent of all rates in the West and 40 per cent in the East, and provided in that order that there would be a reduction of 5 per cent effective on January 1, 1921. Since last January, therefore, the rates have been 30 per cent higher than previous to September, 1920. Under the recent order of the Board, another 10 per cent has been taken off, so that after December 1 the rates will be 20 per cent higher than the figures in force prior to September, 1920.

### Shipments.

Vancouver, Nov. 30.—Wheat shipments to the United Kingdom and the Orient out of this port this season to date amount to 58,000 tons or 2,076,332 bushels, according to information supplied by the Vancouver Merchants' Exchange. Of the total 38,500 long tons were for the United Kingdom and 21,500 tons for the Orient.

## MAGISTRATE URGES LASH FOR THEFT

Sentences in Winnipeg: "Bo-hunk Cops" Used

Winnipeg, Nov. 30.—Twenty-six years and a half in jail—sentences were handed out by Magistrate Sir Hugh J. Macdonald yesterday to men convicted of various charges of theft. Sir Hugh, in an interview with The Free Press, declared in favor of the lash for the suppression of crime in Winnipeg.

Charles T. Good received a five-year sentence; George Reid, three years; R. Leffew, two years; Harry Blair, eighteen months; Henry Dupas, five years; Walter W. Went, five years, and Clarence Lecky, one year. Concurrent sentences of two years were also imposed upon Went and Dupas.

The latest ruse of the Winnipeg police to check criminal depredations, according to The Tribune, is to install "bo-hunk cops" around the city, who will endeavor to gain the confidence of burglars, holdup men and other members of the crack fraternity. Its success, the newspaper says, rests on the fact that a "crook" will divulge secrets of the "trade" to a friend.

## LT.-COL WHITTLESEY COMMITTED SUICIDE

New York, Nov. 30.—Confirmation of the report that Lieut.-Colonel Charles W. Whittlesey had committed suicide last Saturday night on his way to Havana was received by the Associated Press yesterday afternoon in a wireless message from Captain Grant of the steamship Toledo. Captain Grant said the commander of the "Lost Battalion" had disappeared from the ship after leaving him various instructions and that he had seemed in a normal mental condition and good spirits on quitting the smoking room to retire.

### AN ONTARIO DEATH.

Waterloo, Ont., Nov. 30.—E. S. Mayor David Bean, one of the best-known publishers in Western Ontario, died yesterday, after an illness of several years. He was born near Haysville in 1850. ## TIDAL WAVES CAUSED DEATHS

Two Communities on Philippine Coast Suffered

Manila, Nov. 29.—The entire town of Ibalay, in the Province of Capiz, was inundated by a tidal wave Sunday and many houses with their occupants were swept out to sea. Dispatches to constabulary headquarters here said the town of Macat, in the same province, was also submerged by a tidal wave and more than a hundred natives drowned.

Some parts of Ibalay are under fifteen feet of water. Communication in many parts of the province is disrupted, and it is believed complete reports will reveal a much heavier loss of life.

Many houses along the coast were destroyed. A typhoon swept the stricken region for two days last week, doing considerable damage.

Macat and Ibalay are towns of some 10,000 population each, lying on the northern coast of the island of Panay. Macat is situated on a small river, three miles from the beach.

## MEAT EXPORTS OF NEW ZEALAND

London, Nov. 30.—(Canadian Press Cable.)—Reuter's correspondent at Wellington reports that during the year ended October 31, New Zealand exported to Great Britain, including imperial stock and consignments transferred from America, 789,000 quarters of beef, 5,285,000 carcasses of mutton and 5,130,000 carcasses of lamb. Stocks in New Zealand on October 31 were equal to 772,000 sixty-pound freight carcasses of all classes of meat, as compared with 3,495,000 on the same date last year. It is estimated that the killing of meat in New Zealand for export during the coming season will amount to 200,000 quarters of beef, 2,000,000 carcasses of mutton and 2,000,000 carcasses of lamb. Thus, with the stocks on hand, there would be available for export in the ensuing year 414,000 quarters of beef, 2,201,000 carcasses of mutton and 3,954,000 of lamb.

## ASSERT MANY CASES OF ACTUAL STARVATION

Amalgamated Veterans' Association Demand Immediate Relief of Distress

That unnecessary suffering, privation and actual starvation was the situation of many people in the city of Victoria was the opinion expressed generally at a meeting of the Amalgamated Veterans' Association held last night in the Trades and Labor Hall, with Robert Macnicol in the chair. The meeting lasted over three hours. The chairman called on all unemployed men to stand, and it was found that 34 out of less than 100 present were not in employment, and were in desperate need of work.

A discussion took place over the suggested remedies for the relief of the situation, and some pitiful tales of hardship related by the various members present. In one case it was authoritatively cited that an officer in the late war was so reduced by lack of employment of any nature that he with his wife and children were actually starving, and that cold water and sugar was all that was in that household yesterday.

The following resolution, moved by E. A. Kidner, and seconded by W. W. C. Warren, was passed unanimously:

**Makes Urgent Appeal.**

"Whereas the foremost problem in this city and in other towns in British Columbia is unemployment, and

"Whereas, various representative bodies have surveyed the possibilities of providing employment this winter, notably the Economic Councils of Victoria and Vancouver and have submitted these proposals to Federal, Provincial and Civic authorities, having convened for that purpose during the Summer months with a view to taking early action on what would inevitably become a serious problem, and

"Whereas, owing to no definite programme having been laid down by the aforesaid authorities, unnecessary suffering, privation and actual starvation have already come to considerable numbers of persons and their dependents;

"Therefore, be it resolved, that we, the Amalgamated Veterans' Association of this city, in meeting assembled, do urge upon the aforesaid authorities the necessity of giving practical attention to this matter without further delay in view of its urgency;

"Further, be it resolved, that a committee be elected at this meeting to interview the Government, Opposition and Independent party leaders in the Provincial Legislature now in session, also Dr. Tolmie, the Victoria City Council and local municipalities for the purpose of placing this matter before them;

"Further be it resolved, that this meeting is of the opinion that relief measures to be given shall be such as will guarantee a decent standard of living with due regard to actual subsistence conditions in British Columbia."

**Two Resolutions.**

Comrades E. A. Kidner, Baxter, J. W. Berry, Lewis and Godwin were

## Headaches Gone

Perhaps you can imagine what this means to one who had suffered terribly with headaches for ten years.

Read about it in this letter.

Mrs. Tena A. Smith, Country Harbor Cross Roads, N. S., writes:

"I feel that if anyone can recommend Dr. Chase's medicine I certainly can. I suffered for ten years from severe headaches, and although I took all kinds of headache powders they just relieved me at the time. I became very nervous and run-down, and everything seemed to trouble me. I have taken eighteen boxes of Dr. Chase's Nerve Food and it has made an entirely new person of me. I felt that I could not have lived without it. I do not have one headache now for every hundred I used to have, and my nerves are good and strong. I just weighed 109 pounds when I began using Dr. Chase's Nerve Food, and now I weigh 121. Knowing what this treatment has done for me, I cannot too highly recommend it to others."

Dr. Chase's Nerve Food, 50c a box, all dealers, or Edmanson, Bates & Co., Limited, Toronto.

appointed on a committee to carry the resolution into effect, by interviewing Premier Oliver, W. J. Bowser, K. C. and the Independent members of the Legislature immediately. Comrades Weir, R. J. Scott and Graham were appointed on a sub-committee to interview the City Council on the same project. R. P. Clark and Regina Hayward were appointed as a committee of two to take up the question of Asiatic employment with clubs and other social organizations of the city, and try to persuade such bodies to eliminate the Oriental for the white man. A second resolution was passed, placing the Amalgamated Veterans strongly in support of Comrade H. W. Hart in his fight against the minority element of the G. W. V. A. who were stated to be working against the interests of unity, with Government officials on their membership.

In the course of some very animated passages in the discussion on unemployment E. A. Kidner re-hearses the words of the late Economic Council, and stated that the Provincial Government had not lived up to its promises in that regard, and had not done anything to alleviate the real danger existing from this source. No funds were provided in the supplementary estimates for this promised alleviating charged the speaker, who then moved the resolution cited.

Comrade C. K. Christian referred the whole problem to the door of the Federal Government, stating it to be a matter for that government, as the unemployment now in Canada could be laid directly to the door of the Federal Government, he charged.

**Work Wanted Badly.**

All speakers were united in stating that they did not want doles or charity, and that they did want and must have work, no matter of what nature that work might be. Immediate work was necessary to save families of women and children from starvation, it was stated.

Comrade Macnicol explained that in Vancouver camps for single men were being formed that gave these men two day's work in the week, sufficient to keep them alive for the week, and allowing them four days free in which to seek employment. That sufficed for the single men, but it was among the married men with families that the greatest distress occurred, he stated.

**Extent of Unemployment.**

E. A. Kidner, in speaking placed the unemployment in Canada at 600,000, and from 1,247 to 1,800 in Victoria already, with the prospect of 25,000 unemployed in this Province before the end of the winter. That month, he stated that upwards of 5,400 men, women and children had to be fed and clothed for twenty-four hours a day until the men could be given such work as would support their families. There was plenty of work that could be commenced, it was stated, such as road work, work on the industrial reserve, and the construction of the permanent terminals of the C. N. R. here.

## FINE EXHIBIT NOW ON VIEW OF PACIFIC N.W. TOURIST ASSN.

The exhibit of the Pacific Northwest Tourist Association is now in the windows of Fletcher Bros. Government and View Streets. Mr. James Fletcher being one of the directors. One-third of the directors of the association is paid by B. C. one-third Washington, one-third from B. C.

Alderman A. E. Todd, Victoria, is Honorary President, and Mayor R. H. Gale, of Vancouver, is Honorary Vice-President for B. C.

The B. C. directors are: Hon. John Hart, Finance Minister; George R. Naden, Deputy Minister of Lands; Joshua Kingham, Carl Pedgley, John L. Beckwith, of Victoria; Mayor Charles F. McHardy, Nelson; J. R. Aggen, New Westminster; Alderman Fred. Crane, J. N. Harvey, W. C. Shelley and J. R. Davison, Vancouver; J. W. Jones, M. P. P., Kelowna; D. B. Johnson, Kamloops, and Herbert Cuthbert, Secretary.

The exhibit is well worth seeing, and every piece of advertising deals equally with B. C., Washington and Oregon. One-fifth of the cost of the advertising campaign is paid by B. C. and the remaining four-fifths is met by Washington and Oregon.

The exhibit has been pronounced as one of the best community exhibits. It was certainly the finest exhibit at the Portland Fair. The offices of the Pacific Northwest Tourist Association are in Seattle.

## SPEAKERS STRONG ON PERSONALITIES

Liberals Are Attacked at the Tolmie Meeting

Hon. S. F. Tolmie at his executive committee meeting in Semples' Hall last night as the National Liberal and Conservative candidate in the Federal election, told his audience that Hon. W. L. Mackenzie King, the Liberal leader, had a different argument to suit the people in various parts of Canada.

Dr. Tolmie claimed that the Government had not made any more mistakes or worse blunders than any other government would make under similar conditions. He said no government was perfect and the Union Government during the war had had exceptional burdens resting on its shoulders.

sponsible for blocking the building of the drydock before now, and the Liberal contention that if Laurier policies had been carried out the dock would have been built long ago was entirely wrong, said the Minister. The speaker informed the audience that Meighen was head and shoulders above King and Creer.

W. C. Winkel made an attack on Hon. W. L. Mackenzie King, and also on William Marchant because the latter had taken the platform for Mr. Ivel. Mr. Winkel criticized Mr. Marchant's record.

## ITS HUMOROUS SIDE.

The Dominion election campaign is not without its comedy. Could there be anything more diverting, for example, than the welter of appeals and assertions with which some of the speakers and newspapers supporting the Meighen Government are trying to bring about the return of the Administration? A few weeks ago when in New Brunswick, the Premier charged the Progressives with being un-Canadian, and very promptly recanted and gave Mr. Crerar a certificate of loyalty when he had to face a western audience. Then somebody resurrected the old "annexation" rubbish which saw service in 1911, and this was at once discarded when Mr. Meighen was asked, first, why he would not support a fifty per cent. preference to British goods; second, how much his Government was borrowing in New York, and, third, why it was considered necessary to hire Messrs. Griffiths & Co., of Chicago, to reorganize the Canadian civil service. A few weeks ago our morning contemporary intimated that Mr. King had no policy on the tariff and was merely an opportunist. Now, it declares he is a free trader and as such, is a "menace," like Mr. Crerar. In 1914 in the House of Commons R. B. Bennett charged Mr. Meighen, who like himself was a supporter of Sir Robert Borden, with being the "gramophone" of Mackenzie & Mann. Now, the Hon. R. B. Bennett, Minister of Justice in Mr. Meighen's Cabinet, is endeavoring to prove that Mr. Meighen is a statesman of the first calibre instead of a "gramophone." The Ministry's supporters accuse their opponents of favoring class government, and there are eleven lawyers in that Ministry! The Minister of Agriculture wants to know where the revenue will come from if the tariff is reduced, while the Department of the Minister of Finance issues a statement which shows that under the present tariff the revenue already is dropping at an alarming rate. Obviously, if the object of raising the tariff is to curtail imports, how on earth can the country expect revenue from that source? So it goes. And the poor voter is expected to swallow all of it!

## BEER.

Most people will agree that the electorate of this Province should be consulted before any attempt is made to interfere with such a definite expression of opinion as that recorded in connection with the subject of liquor on the twentieth of October last year. Were this question no more controversial than the problems of crop rotation it would not be difficult to understand the attitude of the Opposition in refusing to discuss the Mackenzie motion in favor of submitting a new referendum to obtain additional instructions relating to the method of dealing with beer. Surely Mr. Bowser's exhortations to the Government to refrain from what he has always studiously referred to as ignoring the will of the people should remind him that neither the occupants of the Treasury benches nor even the Legislature itself is in possession of a mandate to give effect to such material changes as the inclusion of a "beer clause" in the Liquor Control Act would involve. Were the Leader of the Opposition quite candid he would confess that the status of beer has no interest for him in the east. He would say that the Government should put its neck into the liquor noose in order that he might pull the cord and reap the benefit of an expression from the Legislature which he really believes would not differ from the view which a majority recorded when the subject came up for disposal at the

Spring session. Upon these occasions the will of the people is conveniently substituted by the political interests of Mr. W. J. Bowser. On the other hand he knows perfectly well that the proper thing to do with beer—apart from two obvious things dictated by personal opinion—is to ask the people for instructions. A little over twelve months ago they issued a clear order to the Legislature to authorize the Government of the day to control and sell spirituous and malt liquors in sealed packages. There never was any question about the serving of beer with meals in restaurants and clubs. This would be a fundamental departure from the spirit and intent of the Act whose general principles were clearly stated in the simple form of the plebiscite. Mr. Bowser is fully aware of this point. His political humor merely got the best of him last night. And he knows that beer is not a party issue.

## BOY SCOUTS.

Contributions from the Provincial Treasury to patriotic bodies do not find favor with the Socialist member for Newcastle. He stoutly objects to a donation of one thousand dollars to the Boy Scout organizations of the Province and sees no point in what he describes as "drilling patriotism into the heads of the youth of the land." It is permissible to point out that at a stage in the world's progress when the minds of some adult persons are almost wholly absorbed in speculation upon imported theories of government it is as well for young Canada to get wholesome encouragement during the impressionable years. There is nothing contrary to the will of a peace-loving people in the "drilling" which the young hopeful receives from his scout master. The investment is a good one.

## ANOTHER "CRISIS."

Lord Beaverbrook's Daily Express has discovered that the good relations which have existed between Great Britain and France since the birth of the Entente Cordiale are about to come to an abrupt termination. So incensed has The Express become that it has demanded the resignation of Marquis Curzon to whom it has traced the blame for the conditions which it has revealed. Happily the discovery is not new. On several occasions since the signing of the armistice a few publicists on both sides of the English Channel have sent the two peoples into an imaginary war because the statesmen of both countries have now and then indulged in a little plain talking. The new "crisis" to which the Beaverbrook organ is devoting a good deal of space and attention has several parallels in recent history. It is more serious than the rift which followed the French occupation of Darmstadt and Frankfurt because it has to do chiefly with Great Britain's well-founded objection to the negotiation of a separate peace between Nationalist Turkey and France.

There is also an echo in the new "crisis" of the Briand address before the Washington conference when the French Premier conducted what amounts to a virtual bid for a military organization that would keep Germany well behaved in the future—only to be told by the British Foreign Secretary that he was on the wrong track in assuming that the natural foe of Britain's ally would be allowed to kick over the traces any more. France is obviously wrong in her dealings with Mustapha Kemal Pasha and she literally asked for the plain language which Curzon's recent note contained. But it is hardly likely to be the crisis that will terminate the Entente in spite of the concern which The Express exhibits. France cannot afford to enrage Britain. She cannot afford a new Napoleon any more than Germany another Hohenzollern. The rest of the world has done with both.

## IN THE WEST!

According to preliminary census estimates there are about 2,500,000 people in the four Western Canadian provinces. Judging by by-elections and other indications at least 75 per

cent. of those people are opposed to Mr. Meighen's Government. They claim that the policy of that Government is inimical to Western development, that it is designed to benefit chiefly Eastern interests at the expense of the West and that as long as it prevails the settlement of Canada's greatest productive area will be handicapped. Certainly under that policy the prospects of the development on this Coast of great outlets for Canada's export trade, of the establishment of another Montreal or Toronto on the Pacific, will be extremely dim. After years of effort we have been unable to induce the Government even to appoint a Canadian customs officer at New York to facilitate the transportation of Canadian goods in bond by way of the Panama Canal to the Pacific Coast. Why?

Let our readers ask themselves what chance there will be of the diversion of Canadian exports to the sea by way of this Province as long as Canadian policy in a dozen different ways is controlled by those quarters whom it has almost exclusively benefited so long. Is it any wonder the great majority of the people of Western Canada have decided the time has arrived when they should organize what is virtually a Western Party to go to Ottawa to demand fairer treatment for themselves? And yet there are public men and newspapers in this Province—whose economic conditions are worse now than they have been at any time—fatuous enough to urge our electors to consider that movement as a "menace," and to urge them to align themselves with elements who for selfish reasons are bound to put into force policies derogatory to the welfare of this whole Western country.

## NOTE AND COMMENT

British Columbia House—how the Liberals condemned it prior to the election of 1916 and how those self-same Liberals have made it a success and share their pride in it with the Opposition—was the good old hardy annual in the Legislature yesterday afternoon.

Is it not a fact that near beer—whose non-sale since June the fifteenth is cited as an argument for a public-sale-of-real-beer clause in the Liquor Control Act—used to be retailed at something like twenty-five cents per bottle? Is it not a fact that the private individual can now procure the real stuff from the Government vendor at the rate of something like sixteen cents per bottle? If so why so much fuss about the workingman and his beer at the hotel dining table and the club? How many a man would really demand the malt beverage in preference to the more potent liquids go to either place for their meals?

eventually one of its largest shareholders into business relations with Donald Smith, a cousin, afterwards to become Lord Strathcona.

## Railway.

Smith interested Stephen in the construction of a railway to the Canadian West, which he knew through his association with it as resident governor of the Hudson's Bay Company. Smith and Stephen joined forces with the late J. J. Hill, the Canadian magnate who afterwards built a number of railroads in the United States, and the trio acquired the St. Paul and Pacific Railroad, which had failed and had fallen into the hands of its Dutch bondholders. The line was built through from St. Paul to Winnipeg. The importance of this early venture on the subsequent development of the Canadian West lay in the fact that it made the building of the Canadian Pacific possible, as supplies for the construction gangs operating in the otherwise inaccessible prairie section passed over it. Acknowledgment of his part in the origination and consummation of the C. P. R. scheme came from the shareholders, who elected Stephen the first president of the company, and from the King, who on recommendation of the Government of Canada conferred a baronetcy on him in 1886 and a peerage in 1891. He retired from the presidency in 1888 and soon afterwards went to live in England.

## Divided Fortune.

Before leaving Canada Lord Mount Stephen divided up his immense fortune, estimated at \$4,000,000, among his relatives in Montreal, retaining enough to support him for the rest of his life.

In 1883 Stephen married Charlotte, daughter of Benjamin Kane, of Montreal. She died in 1896. In 1897 Lord Mount Stephen married Glan, daughter of Captain R. G. Tufnell, R.N., of London.

The title becomes extinct with the death of Lord Mount Stephen. One of the monuments that remain to the munificence of Lord Mount Stephen is the Royal Victoria Hospital of Montreal, to the founding of which he contributed \$1,000,000.

## POLITICS

## Unpatriotic Tariff Ideas.

Hoping Where There Is No Hope.

Meighen in Bad Company.

Elections—in Theory and Practice.

It was to be expected, in view of the present proceedings at Washington, that in the present Canadian political campaign, whatever arguments might be used, no tactics would be employed which would suggest, or arouse, ill feeling between Canada and the United States. The Manitoba Free Press observes. Canadian people, therefore, have been surprised and somewhat dismayed at the recent appearance on the billboards of a large picture showing the United States eagle—a ferocious looking bird with wings outspread in a menacing way—ready to pounce down upon the Canadian beaver if he ventures from the shelter of his little house of sticks, labelled Protection. The eagle and the beaver are intended to represent United States and Canadian industry, respectively, and the spirit of the picture is one, not merely of commercial competition but also of wilful and cruel purpose on the part of a country which is commercially strong deliberately to overwhelm and annihilate a smaller neighbor.

The picture, says The Free Press, is really an insult to both nations—to the United States which has no such design and to Canada whose industries surely have a less shrinking cowardly spirit than that attributed to them.

"Meighen stands for all," says one of the Government's unfortunate election posters. "He sure has stood for a lot," comments The London Advertiser.

The idea that no Canadian industry can compete with those of other countries except from behind a tariff wall is unpatriotic as well as unsound. The Toronto Star declares. The point is that each industry must be considered on its own basis and that some could get along with very little protection; others with none at all. A thorough investigation should be undertaken with the idea of making the tariff as low as conditions warrant, in order that the Canadian consumer may not be unduly penalized. A Meighen Government, thoroughly imbued with high tariff ideals, would take the opposite view. Its motive, and the motive which would best harmonize with the wishes of its powerful friends, would be to make the tariff as high as it could possibly be made without a barefaced discrimination against the Canadian consumer.

The Government pins its faith on Ontario, where it claims that it will not default in a single constituency, notes The Toronto Globe. It depends on the tariff cry for victories in the cities and industrial towns, and it hopes to snatch an advantage in the rural communities from the division of the forces opposed to it. In a number of rural constituencies Liberal candidates have not been nominated or have withdrawn so as to prevent this cleavage. The Progressives have not reciprocated and for that reason they are likely to have a longer list of nominees than the Liberals, even apart from their Labor allies. Members of the Labor groups have divergent views on the tariff issue and are not presenting a united front. It may be doubted whether the Labor movement will, in these circumstances, repeat in the Federal arena its success in the Provincial election of 1919.

As to the Government's boast, veteran politicians say they have never gone through a campaign marked by so little excitement in the centres of population. If the calamity cry has no visible effect on the industrial workers of the Province where is the strength of the Conservative party? asks The Globe. Certainly it sees no rainbow in the West where the Progressives predict that they will win 35 out of 43 Prairie seats.

In the class for stallions of five years and under earlier in the day, Marquisant was again placed second to Laet in the awards by the judges. Blackburn Lorraine, nominated by Edgar H. Petersmeyer, of Regina, captured the first honors in the class for brood mares of four years and under.

## UNEMPLOYED MEN INVADE LOBBIES OF LEGISLATURE

Big Crowd Suddenly Forces Its  
Way Into Corridors

Premier Faces Jobless Men  
and Promises Conference

Bored with the dry discussion of estimates and sleepy after their late session of the night previous, members of the House, suddenly started into rapid mental activity yesterday afternoon by the sudden march of about 300 unemployed men into the legislative corridors.

The House got its first intimation that something was wrong when H. C. Perry, member for Port George, walked quickly into the Chamber, hat and cane in hand, sank into his seat with evident relief and began talking excitedly to the members around him. Then the members beheld through the glass of the big doors at the public entrance of the House a large crowd pushing its way past the amazed and helpless doorkeepers into the corridors which lead to the Speaker's Lobby.

Sergeant-at-Arms P. O'Hara hastened out to reason with the men and then returned, walked quickly over to Premier Oliver's desk and conferred with him in whispers while the rest of the House, not clear as to what was going on, waited uncomfortably for something to happen. Mr. Oliver hastened to the door of the Chamber. Other members also left the room while Dr. J. D. MacLean went on talking serenely about tubercular treatment.

When the Premier got to the door he found himself face to face with a

crowd of jobless men who packed the Speaker's Lobby and the corridors leading to it. Mr. Oliver stayed, supported by Hon. J. H. King, Minister of Public Works and faced the music.

"I'll see a committee of you at my office to-morrow morning at ten o'clock," he said sternly, "and now please clear the corridors."

"How are we going to eat to-night?" one man demanded.

"I shall see you in the morning," the Premier promised again as he returned to his seat in the House.

Some of the men wanted to stay and others suggested that the crowd make its way into the public galleries in the House and show the legislators that it meant business. A few men did go into the gallery but the remainder gradually dispersed.

The members settled back into their chairs with sighs of relief.

## CLOSER GUARD ON INSANE CRIMINALS IN SAANICH URGED

Pooley Suggests Barbed Wire  
Fence to Prevent More  
Escapes

Institution is Hospital Not Jail,  
Dr. MacLean Explains

Demand that a strong barbed wire fence should be erected to surround the Wilkeson Road Mental Hospital and that more guards should be employed to keep prisoners from escaping was made in the Legislature yesterday by R. H. Pooley, Conservative member for Esquimalt.

"How is it that we have 124 men in the Mental Hospital at Wilkeson Road and only one man on duty at night?" Dr. MacLean replied.

"One man could look after 80 as well as 124 if he could make the rounds. The men are practically all locked up at night."

"How was it that you found that the former guard was using force just about the time he asked for a \$5 increase?" the Esquimalt member demanded. "My information is that the man was a Conservative and he was not wanted. You must realize the feelings of people in the neighborhood who have 124 of the worst characters in the country perched with only one attendant to look after them. Apparently some of these men are not so crazy as some people think."

Barbed Wire. "Do you think that a barbed wire fence would stop men who got through iron bars?" queried Premier Oliver. "Have you never cut barbed wire with two stones. I have hundreds of times."

"Just because you would do that with the wire around your cow pasture is no proof," Mr. Pooley retorted. "There is barbed wire and barbed wire," he said as he proceeded to regale the House with amusing stories of apple-stealing expeditions he had conducted in his youth. "If that guard hadn't had the good sense to conceal his keys we would have had a general jail delivery and all these inmates running around the country."

Not a Jail. "This is not a jail but a hospital," Dr. MacLean explained. "I quite agree, however, that it would be a good idea to have a fence around the institution. I have never received a recommendation on this matter. It should be borne in mind that our tenancy of the Wilkeson Road Jail is only temporary and it is expensive to have patients at different points all over the Province."

In answer to charges that the former guard at Wilkeson Road had been dismissed because he asked an increase in salary of \$5 a month, Dr. MacLean replied that this man had been discharged because he had been brutal in his treatment of the patients. He added that the present guard was an attendant of life-long experience who was considered a very valuable official.

Within half an hour after the escape the police of Victoria and Saanich, the Provincial Police and the police of neighboring places were so advised," Dr. MacLean stated. "Up to the present there has been no trace of the men excepting rumors that men answering their description have been seen around Campbell River."

don't like to see escapes but it is absolutely impossible to prevent escapes unless you keep men in solitary confinement all the time, and even then they sometimes get away. I can assure you that every precaution is taken."

"How is it that one elderly man is in charge of 124 men?" Mr. Pooley persisted.

Men Locked Up. "This institution was built for a jail and the men are put in cubicles at night," Dr. MacLean replied.

It should be borne in mind that our tenancy of the Wilkeson Road Jail is only temporary and it is expensive to have patients at different points all over the Province."

In answer to charges that the former guard at Wilkeson Road had been dismissed because he asked an increase in salary of \$5 a month, Dr. MacLean replied that this man had been discharged because he had been brutal in his treatment of the patients. He added that the present guard was an attendant of life-long experience who was considered a very valuable official.

Within half an hour after the escape the police of Victoria and Saanich, the Provincial Police and the police of neighboring places were so advised," Dr. MacLean stated. "Up to the present there has been no trace of the men excepting rumors that men answering their description have been seen around Campbell River."

Not a Jail. "This is not a jail but a hospital," Dr. MacLean explained. "I quite agree, however, that it would be a good idea to have a fence around the institution. I have never received a recommendation on this matter. It should be borne in mind that our tenancy of the Wilkeson Road Jail is only temporary and it is expensive to have patients at different points all over the Province."

## A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a 16-oz. bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get 16 ounces of family supply—of much better cough syrup than you could buy ready-made for \$2.50.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt, soothing effect upon the membranes.

To avoid disappointment, ask your druggist to get the Pinex you want with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

DAUGHTERS OF PITY  
DEVOTED WORKERSSplendid Year's Work for Ju-  
bilee Children's Ward

On Monday evening the Daughters  
of Pity held their twentieth annual  
meeting in the Nurses' Home of the  
Jubilee Hospital. The reports of the  
year's work were very satisfactory,  
the treasurer showing an expenditure  
of \$985.76, with a bank balance of  
\$1,534.65.

The secretary reported on work  
done in the children's ward, the  
special care of the society. This  
ward has been entirely redecorated  
and renovated at a cost of \$420, cut-  
tery, blankets, trays, rubber sheeting  
and blinds have been supplied, all the  
mattresses repaired, one wheel chair  
bought and money given toward an-  
other. As usual at Christmas the  
public wards have been decorated, a  
tree placed in each, with a gift for  
every patient; also plants and

Roberts, only daughter of Mr. and  
Mrs. E. Roberts, of Duncan, to Mr.  
Raymond Campbell, son of Mr. and  
Mrs. M. F. Campbell, 2559 Dunlevy  
Street, Victoria, was quietly solemnized  
in Seattle, Wash., Thursday,  
November 24, with Rev. Father  
Powers of the Sacred Heart Parish  
officiating and in the presence of  
immediate relatives. The bride wore  
a travelling costume of midnight  
blue, trimmed with fur, and a very  
becoming hat to match. She wore a  
coronet of violets. The bride's at-  
tendant was Miss C. A. Campbell and  
the best man, Mr. J. Findlay. After  
the service a wedding dinner was  
held at the home of the bridegroom's  
sister, Mrs. F. Findlay, after which  
the happy couple left to visit ad-  
jacent cities, and on their return will  
make their home in Seattle.

CITY'S PUBLICITY  
OPERATIONS LAID  
BEFORE LABOR MEN

President J. C. Pendray and a dele-  
gation from the Victoria and Island  
Development Association last night  
met the Trades and Labor Council  
and outlined the work being done.

Mr. Pendray prefaced his remarks  
with the definite assurance that  
"while pestered to death to run for  
civil office, I will not stand as a can-  
didate for any honor. What I and the  
directors of the Association are after  
is the advancement by any and every  
means of the interest of our city and  
district," he said.

He invited the Trades and Labor  
Council to take a hand in the direc-  
tion of the Association work, and to  
emphasize the value of advertising,  
declared that the Vancouver Gyro  
Club was raising \$25,000 for publicity  
for that city, while Los Angeles was  
expending \$150,000 in advertising.

The work done for Victoria includ-  
ed getting out 30,000 calendars, 143  
different forms of printed matter, cost-  
ing over \$8,000, and the distribu-  
tion of these for the city, explained  
Mr. Pendray.

Duplication Denied.

Asked by Alderman E. S. Wood-  
ward whether duplication existed be-  
tween the work of the Northwest  
Tourist Association, Mr. Pendray re-  
plied the former did not deal with  
district enquiries, which would not  
be sent here for attention were it not  
for the existence of the Development  
Association.

Likewise he disposed of duplication  
of work done by the Chamber of  
Commerce, asserting that the Cham-  
ber did no advertising, and had no  
road maps or booklets available for  
inquirers.

## Railway Co-Operation.

J. D. O'Connell said the Association  
was after industries for Victoria, and  
the publicity he believed the best way  
to secure permanent payroll additions.  
He showed examples of the free pub-  
licity secured Victoria through the  
courtesy of the Canadian Pacific  
Railway. "This is a thing in price-  
less, and is due to the work of our  
Commissioner," he said. "It is pub-  
licity that money won't buy, going all  
over the Eastern States. The ex-  
amples included menu cards from  
Prairie Trails, expensive brochures  
and time tables, all profusely illus-  
trated with color views of Victoria."

"I quite realize this is a hard time, but the  
work of the Association merits your  
support and that of the city treasury,"  
he said.

## Economic Management.

George L. Warren dealt with opera-  
tion cost, claiming that \$15,000 in-  
volved was extremely economical, in-  
quiries handled running to thou-  
sands by mail, while at times the per-  
sonal inquiries required the voluntary  
aid of the executive members during  
the rush season.

Commissioner Thomson made an  
evident impression with his outline  
of the work done and the support the  
great railway lines have given Vic-  
toria since he took office.

## Critiques City Grant.

C. F. Moriarty said if the Develop-  
ment Association secured \$15,000 from  
the city at least as much should be  
expended on relief work, instead of a  
paltry \$4,500. Secretary Woodward  
interjected that the city last year bor-  
rowed \$50,000 for unemployment re-  
lief and expended it, the \$4,500 being  
merely the wood-cutting scheme cost.  
He claimed the Development Associa-  
tion belied its name as far as indus-  
tries were concerned.

## Misleading Is Charged.

Mr. Moriarty then declared that  
Victoria's advertising was mislead-  
ing, to the detriment of the city. He  
said with money lost out and been  
cast on the labor market. "That is  
the sort of thing we must not have,"  
he said. "The hard time is the worst  
the greatest care was used, but he  
had seen literature by outside inter-  
ests which was capable of mislead-  
ing."

## Aldermanic Poverty Pleas.

Ben Simmons said much of the criti-  
cism was due to the lack of general  
knowledge of what was being done by  
the Development Association, coupled  
with the retortation. Aldermanic  
excuses of "no money" when labor  
men appeal for work. "This is not  
the only grant criticized. There are  
a whole lot more," he said.

## Working Guests.

John Scouler said "prairie chickens"  
were too many of the fruits of Vic-  
toria's advertising, these being men  
who came here for the winter, work  
for less than local men, and go back  
in the Spring without benefiting the  
city. Several speakers touched upon  
other aspects of this seasonal in-  
flux, including the lack of entertain-  
ment features to cause moneyed  
strangers to delay their departure  
for the home, as to the need of more  
amusements.

## Suggested Activities.

Commencement of work upon the  
Canadian National terminals, con-  
struction of the Dominion Fisheries  
Building, the distribution of the seal-  
ing award of \$120,000 with interest  
since 1912, were all touched upon, as  
suitable activities for the Develop-  
ment Association, by members of the  
Trades Council, while Commissioner  
Thomson suggested the revival of  
agitation for the utilization of the new  
Outer Dock as an export lumber as-  
sembly plant.

## Amusement Centre.

Alderman E. S. Woodward moved  
the vote of thanks, pointing out that,  
if the Development Association con-  
centrated effort on the securing of an  
amusement centre, the Association  
would gain general support from  
workingmen, who oppose a grant to  
be used merely to bring transient  
tourists. He noted that without ad-  
vertising the city would have an im-  
possible task in filling its vacant lots  
and parking the disgruntled guest. "My  
views wouldn't be fit for publica-  
tion."

"What views of the hotel would  
you advise me to have published?"  
asked the proprietor. "Not mine,"  
murmured the disgruntled guest. "My  
views wouldn't be fit for publica-  
tion."

SALT SPRING  
ELECTORS HEAR  
TWO CANDIDATES

Dr. Tolmie and Mr. Dickie  
Speak at Ganges

On Saturday evening at the Ma-  
hon Hall, Ganges, C. H. Dickie, the  
National Liberal and Conservative  
candidate in the Nanaimo riding, and  
the Hon. S. F. Tolmie, addressed a  
well attended meeting of the electors  
at that point.

Mr. Dickie made a short address  
which was well received, during  
which he explained his reasons for  
voting against Oriental exclusion.

He was followed by Dr. Tolmie,  
who delivered a very entertaining  
address, the burden of which was  
that the six hundred or so American  
manufacturers in Canada must be  
looked after, but on the urgent ques-  
tion of finding markets for the sur-  
plus products of the farmers of Can-  
ada he appeared vague. He men-  
tioned that he hoped to see more  
trade between Great Britain and  
Canada. With regard to the Depart-  
ment of Agriculture, he emphasized  
the point that he was spending more  
money in this Department than any  
of his predecessors. He gave some  
interesting details of the Dominion  
Government experimental farms  
and explained carefully why a cow  
producing 3,200 pounds of milk per  
year was more profitable to the farmer  
than one producing only 4,000 pounds.  
One of the reasons advanced for  
supporting his party was that Sir  
Wilfrid Laurier had once said that  
Mr. Meighen possessed one of the  
brightest minds in the Conservative  
Party.

To a question from one of the  
audience as to whether the Meighen  
Government was getting its cam-  
paign funds to pay for its newspaper  
advertisements, Dr. Tolmie replied:  
"That is our business."

Altogether Dr. Tolmie's speech  
gave the impression to a good many  
of the audience that he felt that  
Ganges was a little off the regular  
route of travel. Immediately Dr.  
Tolmie, sat down the chairman  
jumped up and urged the audience to  
move a vote of thanks to the  
speakers.

The National Anthem brought the  
proceedings to a close.

## Poultry Show.

Duncan, Nov. 29.—The poultry  
show group one was opened this  
afternoon, and despite the rainy  
weather there was a fine display, all  
breeds being well represented, Leg-  
horns and Wyandottes predomina-  
ting. Birds were shown from Na-  
naimo, Chase River and outlying  
points in Cowichan. An exceptionally  
fine display of Anconas came from  
Mr. Harris, of Chase River.

Water fowl were also well rep-  
resented. Some excellent showings in  
Pekin Ducks. Competition in Indian  
fowls was very keen, birds in this  
class being good enough for Madison  
Square. A good display of rabbits  
and guinea pigs. In fact the Agri-  
cultural Hall is full of a splendid  
display well up to any exhibition in  
former years. Judging is in pro-  
gress this afternoon. Prof. E. A.

## To Speak Friday.

Metochios, Nov. 29.—On Friday,  
December 2 Mr. C. Pice will address  
the Metochios Farmers' Institute on

terested in the subject. Mr. Pice has  
over one hundred lantern slides in  
connection with the development of  
the seed potato, and these will be  
thrown on the screen. The members  
are asked to bring samples of their  
own seed, when Mr. Pice will judge  
them for the farmers' benefit.

## WHAT MR. IVEL STANDS FOR

A Greater Victoria—By promotion of trade, development of the Harbor, creation of a Free Port, utilization of Outer Docks, and commercial use of Esquimalt Harbor.

Completion of C. N. R. in accordance with agreement, and establishment of terminals.

Thorough Revision of C. N. R. Management—A policy of making it pay its way, development of lands and industries along lines.

Accounts must be subject to examination in Parliament—No interlocking Directorates.

Freight Rates—The West should be on same basis as East.

Extension of trade agreements, especially within Empire, to find outlet for our timber, minerals, farm products, fisheries and manufactures.

Total exclusion of Oriental labor.

Development of Canadian Trade on the Pacific and businesslike operation of C. N. Merchant Marine, making Victoria its base.

Soldiers—General investigation into and equitable settlement of re-establishment and pensions matters. Equalization of pensions irrespective of rank. Pensions to be provided in each particular case. First, preference in Civil Service to disabled men, next to other returned men, all things being equal.

Tariff for Revenue—in the interest of the consumer, not the monopolist.

A National Rediscout Bank—So that local banks can be established, competition in banking secured, and the money of Canada kept in Canada for development of Canada.

## LANTERN LECTURE TO JAMES BAY SCOUTS

W. F. Best Heard in Interesting Address on Switzerland

On Friday W. F. Best delivered a lecture on Switzerland to the James Bay Troop of Boy Scouts, Wolf Cub Pack, and parents at the troop's headquarters on Douglas Street. This lecture was the first of a proposed series by the same lecturer, and a continuation of his activities of last winter.

A very fine collection of views was shown on the screen, and considering the magnitude of his subject, and the short time at his disposal, Mr. Best covered, in a bright, chatty manner, a great deal of ground. The geographical position of the little republic, its history, and its social, industrial, and educational systems were all reviewed in turn.

The lecturer laid great stress on Switzerland's extremely efficient educational system. Views of the chief colleges were shown, including one of the Polytechnic, of Zurich, the most efficient technical university in Europe. Graduates from these schools are technical experts, said

Mr. Best, and their services are eagerly sought by great industrial concerns in all parts of the world.

The manner in which the Swiss take advantage of all the natural resources of their country, not only in an industrial sense, but as a means of catering to the thousands of tourists from all over the world, who annually flock to this wonderful "Playground of Europe," was touched upon, and views of the most famous beauty spots, winter sports, native dress, and habits were shown.

At the conclusion of the address a hearty vote of thanks was tendered to Mr. Best for his lecture, and for the kindly interest he is taking in the troop.

Following the lecture, Mr. McKay, the secretary of the Parents' Committee, announced that it had been decided at the annual meeting of the committee that all parents of James Bay Scouts or Cubs should automatically be considered as members of that body.

Mr. McKay asked all parents present to take a personal interest in the welfare of the troop, and particularly asked for their support of the dance which the troop is giving at the Alexandra Ballroom on Friday, December 2.

To complete the list of officers of the Parents' Committee Mr. Ridgeway was elected as auditor, and the Rev. A. Gledhill, rector of St. James' Church, was elected as chaplain.

The secretary announced that Dr. Tomlin has very generously offered

to give instruction to the boys in certain sections of first aid work.

At the conclusion of the short business session, tea and cakes were handed round by the boys. In spite of the wretched weather there was a fair attendance of parents and friends, and all were apparently very well satisfied with themselves, the evening's entertainment, and things in general.

## THE COUGH

WITH THAT TICKLING SENSATION

A little tickling in the throat; now and then a dry, hacking cough; you think it is not bad enough to bother about, but every hack makes a breach in the system, strains the lungs and prepares the way for more serious trouble.

How many people have lost a good night's rest by that nasty, tickling, irritating sensation in the throat? The dry, harsh cough keeps you awake, and when you get up in the morning you feel as if you had had no rest at all.

DR. WOOD'S NORWAY PINE SYRUP

is just the remedy you require to stop that irritating, tickling cough on account of its soothing, healing and expectorant properties.

Mrs. R. Johnson, Port Alberni, B.C., writes: "I have suffered for years, off and on, with a tickling cough. I could not sleep nights and had to sit up in bed to get relief. In fact, I coughed so I used to vomit. I tried different doctors' prescriptions until I heard of Dr. Wood's Norway Pine Syrup. I tried it and found great relief after I had taken the first bottle and have not been troubled since. I shall always keep it in the house."

Be sure and get "Dr. Wood's" when you ask for it. Price, 35c and 60c. a bottle, put up only by The T. Milburn Co., Limited, Toronto, Ont. (Advt.)

THE STORY OF CAROL KENNICOTT

By SINCLAIR LEWIS

She had often been invited to the weekly meetings of the Thanatopsis, the women's study club, but she had put it off. The Thanatopsis was a club of women, and she was a woman, and yet it puts you in touch with all the intellectual thoughts that are going on everywhere.

Early in March Mrs. Westlake, wife of the veteran physician, marched into Carol's living-room like an amiable old pussy and suggested, "My dear, you really must come to the Thanatopsis this afternoon. Mrs. Dawson is going to be leader and the poor soul is frightened to death."

She wanted me to get you to come. She says she's sure you will brighten up the meeting with your knowledge of books and writings. (English poetry is our topic to-day.) So shoot! Put on your coat!

"English poetry? Really? I'd love to go. I didn't realize you were reading poetry."

"Oh, I'm not so slow!" Mrs. Luke Dawson, wife of the richest man in town, gaped at them. She had never seen Mrs. Westlake before, and she was a woman of a different type. She stood wringing her hands in front of the folding chairs, her front porch with its faded photograph of Minnehaha Falls in 1890, its "colored enlargement" of Mr. Dawson's face, and the lamp painted with sepia cows and mountains and standing on a mortuary marble column.

She creaked, "O Mrs. Kennicott, I'm in such a fix. I'm supposed to read the discussion, and I wonder would you come and help?"

"What poet do you take up to-day?" demanded Carol, in her library tone of "What book do you wish to take out?"

"Why, the English ones." "Not all of them?"

"Why yes. We're learning all of European literature this year. The club gets such a nice magazine, Culture Hint, and we follow its programmes. Last year our subject was Men and Women of the Bible, and next year we'll probably take up Furnishings and China. My, it does make a body hustle to keep up with all these new culture subjects, but it is improving. So will you help us with the discussion to-day?"

On her way over Carol had decided to use the Thanatopsis as the tool with which to liberalize the liberal. She had immediately conceived enormous enthusiasm; she had chanted, "These are the real people. When the housewives, who bear the burden are interested in poetry, it means something. I'll work with them—for them—anything!"

Her enthusiasm had become watery even before the women were seated. She had immediately conceived enormous enthusiasm; she had chanted, "These are the real people. When the housewives, who bear the burden are interested in poetry, it means something. I'll work with them—for them—anything!"

She stood wringing her hands in front of the folding chairs, her front porch with its faded photograph of Minnehaha Falls in 1890, its "colored enlargement" of Mr. Dawson's face, and the lamp painted with sepia cows and mountains and standing on a mortuary marble column.

She creaked, "O Mrs. Kennicott, I'm in such a fix. I'm supposed to read the discussion, and I wonder would you come and help?"

"What poet do you take up to-day?" demanded Carol, in her library tone of "What book do you wish to take out?"

"Why, the English ones." "Not all of them?"

"Why yes. We're learning all of European literature this year. The club gets such a nice magazine, Culture Hint, and we follow its programmes. Last year our subject was Men and Women of the Bible, and next year we'll probably take up Furnishings and China. My, it does make a body hustle to keep up with all these new culture subjects, but it is improving. So will you help us with the discussion to-day?"

On her way over Carol had decided to use the Thanatopsis as the tool with which to liberalize the liberal. She had immediately conceived enormous enthusiasm; she had chanted, "These are the real people. When the housewives, who bear the burden are interested in poetry, it means something. ## MUNICIPAL PLANS TOTAL FAILURE, BOWSER CHARGES

Government Aid to Cities "Gold Brick," Opposition Declares

The Government has failed utterly in its efforts to solve the financial problems of British Columbia municipalities and has handed the city a "gold brick" in legislation introduced this session, W. J. Bowser, K. C., leader of the Opposition, charged in the Legislature just before midnight last night.

"The Government proposes to give municipalities one-fifth of taxes on race betting operations," Mr. Bowser remarked. "With all the taxation there will be on it racing will soon be a thing of the past and consequently the municipalities will not be able to collect any taxes."

Then the Government proposes to give the municipalities one-third of the increased motor licenses, but it will not allow the municipalities to decide how this money shall be spent. It is confined entirely to roads. The municipalities cannot apply it to such things as schools and hospitals, which badly need it. Surely they should be allowed to manage their own affairs to this extent.

Says Cities Disgusted.

"The Premier has been meeting with the municipalities from time to time for months and has conferred frequently on the subject of municipal finances. And now this is the great assistance which the Government has decided to give! No wonder the situation! No wonder they spoke as they did when they left the Municipal Committee room a few weeks ago! No wonder they are absent from the corridors now! No wonder they have given up their appeals! They see that the Government has given them nothing."

"The Government's policy has been as variable as the winds. First we had the King's Speech, which mentioned aid to municipalities. Then the Minister of Finance was going to force the personal property tax on the municipalities just as he forced an increase in the amusement tax and a poll tax on them. But storms arose in the corridor. People came from north, south, east and west to protest against the personal property tax. True to its old policy of changeableness the Government dropped the personal property tax and

## PLAN AGREEMENT ON SOCKEYE QUESTION

Canadian and American Authorities to Confer at Vancouver Next Month

Vancouver, Nov. 30.—An important conference of British Columbia and Washington fishery authorities relative to the Fraser River situation will be held in Vancouver on December 12.

Major J. A. Motherwell, chief inspector of Dominion fisheries for the Province, has for some time been seeking a conference with the Washington State Fisheries Board, with a view to formulating regulations applicable to next season's salmon fishing on the Fraser.

When the international treaty went into the discard it was realized, nevertheless, that action had to be taken if the future of the river as a salmon stream was to be preserved. This, it was also realized, could only be accomplished by international co-operation.

As a result, a meeting has been planned of the respective Government officials, and in order that the canners can be apprised of the con-

ference's decisions in time to prepare for the run of salmon, particularly sockeye, in July and August, the conference date has been fixed for December. The meeting will be in Vancouver.

British Columbia will be represented by Mr. W. A. Pound, Assistant Deputy Minister of Fisheries, Ottawa, and by Major Motherwell. The Washington Board, which is expected to attend, comprises Mr. E. A. Sims, chairman; Captain H. Ramwell, Mr. Blake and Mr. L. H. Darwin, secretary.

SHIPPING NEWS FROM DAY TO DAY

## Princess Louise Running Official Trials To-day

New C. P. R. Passenger Boat Left Outer Docks This Afternoon to Demonstrate Her Speed Over the Measured Mile in Parry Bay.

The stage was set this afternoon for the running of the official steam trials of the Princess Louise. After being floated out of the Esquimalt drydock the new Canadian Pacific passenger boat steamed around to the Outer Docks. At 2 o'clock this afternoon the Princess Louise left the Outer Docks for Parry Bay to run her steam trials over the measured mile and put the new ship through an exhaustive test to see that she answers to contract requirements. The ship was under the command of Capt. James Slater, and Pilot Charles Harris went out in charge of the bridge.

Fifty invitations. The shipping fraternity was well represented on the trip, some fifty invitations having been issued by Capt. J. W. Troup, manager of the British Columbia Coast Steamship Service.

Andrew Wallace, the builder of the Princess Louise, said that the ship would easily exceed her contract requirement of sixteen knots.

Machinery. The Princess Louise is equipped with vertical, triple-expansion type of engines, balanced on the Yarrow, Schlick and Tweedie system, with cylinders 28, 43 50 and 50-inch diameter, by 39-inch stroke, driving a four-bladed propeller 13 1/2 feet in diameter.

Steam is supplied by four single-ended boilers, each 16 feet 2 inches by 12 feet, equipped for burning oil at natural draft. The ship was in the best of shape and the experts making the trip predicted that she would ac-

## MADE FINE RUN

The B.C. Coast Service new-comer Princess Louise made a speed of 18 1/2 knots to-day in preliminary trials over the measured mile at Royal Bay. The contract speed of the Princess Louise called for 16 knots even, and the authorities are much pleased with the performance of the new craft.

quit herself admirably when put to the test. The Princess Louise is expected to return to the Outer Docks at a late hour this afternoon.

It is a worth while sale if it is advertised in this paper and we recommend it. Phone 1090, Times Ads Department.

## WILL SMASH RECORD IN APPLE MOVEMENT

Royal Mail Steamship Nebraska Will Carry 140,000 Boxes to Europe

Seattle, Nov. 30.—Smashing all records in the apple movement by water from Pacific Northwest ports, the refrigerated steamship Nebraska, of the joint service of the Royal Mail Packet Company and the Holland American Line, will have between 130,000 and 140,000 boxes of that product in her cooled compartments when she heads south for the Panama Canal on her way to England and Continental Europe. The high record to date is 80,000 boxes, taken recently by one of the Royal Mail steamships.

The Nebraska is loading between 60,000 and 65,000 boxes of apples in Portland. From Portland she will go to Vancouver, B. C., for 10,000 boxes. Then she will come to Seattle to load between 60,000 and 65,000 boxes, at the Port Commission's Spokane Street Terminal. News of the record-breaking apple loadings was obtained to-day at the Royal Mail offices in Seattle.

In her refrigerated space, the Nebraska could carry 200,000 boxes of apples but on the forthcoming voyage she will have shipments of other perishables, including eggs.

## HAKONE MARU ON MAIDEN VOYAGE

First of Three New N. Y. K. Ships Leaves Kobe for London

The Nippon Yusen Kaisha liner Hakone Maru, first of three vessels of the type of the Suwa Maru, now on this coast, sailed from Kobe yesterday on her maiden voyage to London.

The new ship was launched at the Mitsubishi plant at Nagasaki July 25 and was completed at the end of October. The Hakone Maru is 513 feet long, 62 feet beam and 37 feet deep, with a gross tonnage of 10,500 and displacement of 18,800 tons. The ship is installed with two sets of Parsons's double reduction geared turbines and twin screws, propelling a speed of 16 knots. There is accommodation for 120 first class, 56 second class and 192 steerage passengers, as well as 100 crew members. Her loading cargo capacity is 10,600 tons deadweight, and 12,000 tons measurement.

The Hakone Maru will take the place of the Kaga Maru, which will shortly be withdrawn from the London service. Two other ships of the same class are to be completed and put into commission. The liner Haruna Maru, which will follow the Hakone Maru, is tentatively scheduled to sail for Yokohama for London February 17.

The three ships of the Hakone type were ordered by the Nippon Yusen Kaisha to replace the vessels of the Fushimi and Suwa class in the European trade, from which they were withdrawn during the war to enter the North Pacific service.

The Kinderdijk is at present on the coast, but the agents have no information as to whether the ship will touch here this voyage. The ships of the Royal Mail Line.

## JAPANESE SHIP REGISTRY PACT

Japanese Marine Corporation and American Bureau of Shipping to Co-operate

An agreement which marks a new stage in the development of the Japanese Marine Corporation and the alliance of the Japanese organization for the classification and registry of vessels with similar organizations in Great Britain, the United States and Italy has been reached in Tokyo between the American Bureau of Shipping and the Japanese corporation, says The Japan Advertiser. The agreement, which is being signed by the Japanese corporation, provides a working basis for the co-operation of the American Bureau of Shipping, the American member of the quadruple alliance and the Japanese corporation, forming the final link in the co-operative union which includes these two companies and the British Corporation for the Survey and Registry of Shipping and the Registro Navale Italiano.

The agreement was arrived at between Captain W. L. Eisler, representative in Shanghai of the American corporation, sometimes known as the "American Lloyds," and the officials of the Japanese corporation. It provides for the appointment of an American surveyor of experience to be joined to the staff of the Japanese corporation, to take the lead in the survey of all American vessels in Japanese ports, to be associated in such surveys with a Japanese colleague. This removes the cause of difficulties, hitherto experienced which have prevented up to this time the smooth working of the quadruple alliance.

## National Registry

The Japanese corporation was launched two years ago for the purpose of establishing in Japan a national registry for the survey and classification of ships. It was based on the rules and practice of the British Corporation, was sanctioned by the Japanese Government and supported by the most prominent shipowners and shipbuilders. The British corporation, oldest of the four, and concerns, some years ago entered into an alliance with the Italian national registry and later with the American Bureau whereby basing their operations upon the same rules and practice, each in its own country became the representative of the others. This alliance was designed to be worldwide, and when Japan became nationally "self-conscious" in shipping classification she was included in its terms.

British Adviser. Fred P. Ferris, for more than 35 years a surveyor in England to the British corporation, has been acting in Japan as British adviser to the new partner, and under his direction not only has the Japanese staff been developed but more than 100,000 tons of shipping has been added to the Japanese registry.

Difficulties, however, have been experienced in introducing reciprocal working arrangements as between the United States and Japan. Captain Eisler's visit to Japan was projected to deal with these difficulties. He has represented the American Bureau in Shanghai for many years and he also has friendly ties with Japanese shipping interests through his former service with the Nippon Yusen Kaisha. He holds a Japanese decoration for service in the war with China.

## End in Agreement

Conferences between Captain Eisler and the committee of the Japanese corporation, with Mr. Ferris as an interested third party representing the parent British Corporation, have now resulted in the agreement providing for the attachment of an American surveyor to the Japanese staff, which is expected to do away with the difficulties hitherto encountered. The parties interested agree that this will provide a safe and mutually agreeable way for putting the reciprocal advantages of the quadruple alliance into operation. The Japanese corporation includes in its directorate some of the most influential shipping men in Japan. Its honorary president is Prince Higashi Fushimi. The directors include Y. Ito, president of the N. Y. K.; M. Yukawa, director of the N. Y. K.; Dr. S. Terano, professor of Imperial University of Tokyo; K. Kagami, managing director of the Tokio Marine and Fire Insurance Company; K. Kato, president of the Fuso Marine Insurance Company; R. Kato, managing director of the O. S. K.; Dr. J. Imokita, managing director of the Uraga Dock Company; T. Shiohara, managing director of the Mitsubishi Shipbuilding Company.

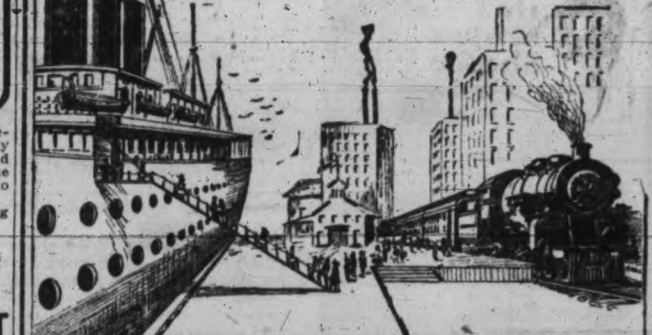

The British member of the four-fold alliance, the British Corporation, is the more modern British shipping registry firm, the older one being Lloyd's. It was founded in 1800, is recognized by the British Board of Trade, by all underwriters and marine insurance associations and the shipping world generally. The Italian classification society adopted the rules of the British corporation in their entirety. The American Bureau of Shipping followed suit and also adopted the British corporation's rules, making a triple alliance. The Japanese corporation is now joined to these three in equal partnership, making a quadruple alliance for co-operative operations in the survey and classification of shipping.

## NEWS IN BRIEF

**Time Passed, Scheme Ignored.**—Last night's special session of the Trades and Labor Council, called for the purpose of analyzing Alderman Todd's scheme for civic reform, found no time to consider this matter, and adjourned without reading the proposals.

**Defer Election Debate.**—The Trades and Labor Council last night deferred until Wednesday, December 7, discussion as to the advisability of taking part in the forthcoming municipal election, giving this business priority on the agenda—over ordinary business.

**Dr. Sipprell to Lecture.**—To-morrow evening (Thursday), Dr. Sipprell, of the Metropolitan Church, will give a lecture at the Hampshire Road Methodist Church. Pictures will be used to illustrate the lecture, and include those of the battlefields of Europe.

**Girls' Corner Club.**—Dr. E. H. Grey, of St. Aidan's Church, Mt. Tolmie, will be the guest of the club at the usual business girls' supper, at I. O. O. F. Hall, on Thursday, and will give a short address. Supper will be served at 6.15 o'clock prompt and all girls working in the city are invited. New-comers will be made especially welcome.

**Will Address Rotarians.**—At the regular luncheon of the Rotary Club to-morrow (Friday) Kermode, Curator of the Provincial Museum, will address the members on Anthropology in general and the habits of the aboriginal inhabitants of this island in particular. The members will later go with Mr. Kermode to view the Museum.

**Bandit Search in Esquimalt.**—In response to a report that men were seen prowling in the Esquimalt district the provincial police, Royal Canadian Mounted Police, Esquimalt, and a posse from the Wilkeson Road Mental Hospital searched the woods around Admirals' Road and all through Esquimalt yesterday in the hope of rounding up Lynn and Malone. The searches got thoroughly wet, but the results were negative.

**St. Mary's Scout Concert.**—The second annual entertainment of the St. Mary's Troop of Boy Scouts and Wolf Cubs Pack will be held at St. Mary's Hall, Oak Bay, Friday evening next. The entire programme is the work of the boys themselves, and is of special interest to parents. It is hoped that the many friends of the Scouts will attend and help to encourage the boys in their efforts.

**LIBERALS HAVE  
SPLENDID HEARING**

**Mr. Booth Receives Warm  
Welcome at Metchosisin**

Metchosisin, Nov. 28.—Judging by the reception accorded to T. B. Booth, Liberal candidate, last night at Metchosisin, there is little doubt as to the issue of the election in that district. The hall, in spite of the bad weather prevailing, was filled, people coming long distances to hear Mr. Booth speak. H. C. Helgesen, president of the local branch of the Esquimalt Liberal Association, took the chair. H. C. Hall, who spoke well was well received. Mr. Hall said the N. L. and P. platform was confined chiefly to the tariff question, whereas there were other great questions before the electorate to be considered besides the tariff.

Mr. Booth arrived from Colwood amid cheers, and laid the whole of the Liberal platform before the people in a most convincing manner, and left little doubt in the minds of those present how to record their vote on December 6.

G. A. Gray, campaign manager, accompanied the candidate, and he appeared well pleased with the reception.

Refreshments and dancing followed.

E. R. Snider was fined \$5 for failure to have the necessary tail light after dusk. W. B. Hallum was fined \$5 for parking a car too close to a fire hydrant. A. H. Roberts was fined \$5 for reversing the direction of his car incorrectly.

SPEAKS ON POVERTY.

"Poverty is a condition of thought," said Dr. Bush last night at Pantages Theatre in his lecture on how to cure poverty. "Any person can avoid poverty by studying the power of concentration," he said. "We do not claim you will become rich overnight, or that money will fall in your pocket. But, if you have faith and work in accord with the law of abundance, you can overcome poverty."

To-night Dr. Bush will speak on "Pike's Peak or Bust; Will Power, Success," at Pantages Theatre at 8.15 o'clock.

## IS MINE OF INFORMATION ON RUSSIAN AFFAIRS

After a five months' visit to Russia, during which he lived and starved with its people, and had every facility for investigating the institutions under the Soviet regime, Joe Knight will address a meeting in Trades Hall, Broad Street, at 8 o'clock to-night. Reports from other cities are that Mr. Knight has a wonderful story to tell. The collection at the meeting will be for the purpose of sending wheat to the famine-stricken regions of Russia, and it is hoped Victoria will contribute as liberally as several other cities have done.

**Women's Auxiliary to G.W.V.A.**—Organization of a new Women's Auxiliary to the G. W. V. A. to replace the former organization was effected last evening at a meeting in the headquarters, Hastings Street, last evening. Mrs. Thomas Palmer was unanimously elected president, and the other officers are as follows: First vice-president, Mrs. Cave; second vice-president, Mrs. Hine; secretary, Mrs. Bryson; treasurer, Mrs. R. O. Taylor; executive, Mesdames McIntyre, Wilkinson, Maxton, Perry and Minnie. The early portion of the evening was devoted to winding up the affairs of the old organization, during which Mrs. E. Rickett, the president, was the recipient of a plant and jardiniere in appreciation of her services. A social time was then enjoyed, during which dancing took place and refreshments were served.

**To Speak To-morrow.**—Comptroller A. J. Pilkington, of Vancouver, will address a forum meeting of the Chamber of Commerce to-morrow evening at 8 o'clock.

## RUB RHEUMATIC, ACHING JOINTS AND STOP PAIN

Instant relief with a small trial bottle of old "St. Jacobs Oil."

Rheumatism is "pain" only. Not one case in fifty requires internal treatment. Stop drugging! Rub soothing, penetrating "St. Jacobs Oil" right into your sore, stiff, aching joints, and relief comes instantly. "St. Jacobs Oil" is a harmless rheumatism liniment which never disappoints and cannot burn the skin.

Limber up! Quit complaining! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, and in just a moment you'll be free from rheumatic pain, soreness and stiffness. Don't suffer! Relief awaits all who use it. It is just as good for sciatica, neuralgia, lumbago, backache, sprains. (Adv't.)

## CORNS Lift Off with Fingers

Don't hurt a bit! Drop a little "Freezone" on an aching corn. Instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. (Adv't.)

## OLD PIONEER FEELS 20 YEARS YOUNGER

One of the Old Residents of Vancouver Relates Interesting Experience.

C. R. House, one of the old residents of Vancouver, B. C., who remembers when the city was called Gas Town, issues an interesting statement giving his personal experience with Tanlac. He says: "I want what I say published, for I know that there are many others, especially among the old-timers, who need just such relief as I have received. I had stomach trouble of the very worst sort and finally became so weak and run down I could hardly do my work at the ferry. "Since taking Tanlac I feel as well as I ever did in my life—at young as I did twenty years ago. Talk about eating—why I just want to be eating all the time. I have gained ten pounds in weight and am working better and enjoying life more than I have in years. "Tanlac is sold in Victoria by The Owl Drug Co. and all other druggists everywhere. (Adv't.) Relief is sure."

## HEAD STUFFED BY CATARRH? USE A HEALING CREAM

If your nostrils are clogged, your throat distressed, or your head is stuffed by nasty catarrh, or a cold, apply a little pure, antiseptic, germ destroying cream into your nostrils; it penetrates through every air passage, soothing inflamed, swollen membranes and you get instant relief. How good it feels. Your nostrils are open. Your head is clear. No more hawking, snuffling, dryness or struggling for breath. Get a small bottle of Ely's Cream Balm from any druggist. Colds and catarrh yield like magic. Don't stay stuffed up. (Adv't.) Relief is sure."

### STOCKS IRREGULAR IN WALL STREET

(By Burdick Brothers, Ltd.)

New York, Nov. 30.—The stock market showed some signs of easing off at times during the session, possibly due to some realising sales by the long element, which was the market a rather irregular appearance. The professional trading elements worked throughout the session for a reaction which in their opinion is due. However, there were little signs of a decrease in investment absorption of first-class dividend securities and practically all the issues were firm at the close. Ralls raised off somewhat from their high points of yesterday, but some last minute purchases of C. P. R. and U. P. were noticeable near the close on account of these stocks going ex. Dividend to-morrow.

(Burdick Bros., Limited.)

New York sterling, \$4.61.  
Canadian sterling, \$4.37 1/2.  
London bar silver 37 1/2.

New York, Nov. 30.—The grain market while easier at the opening soon strengthened on buying power induced by the crop report of Mr. Goodman, which stated that the condition of winter wheat averages 77, which is the lowest December condition on record. Also another bullish factor was Bradstreet's report showing a decrease of 1,250,000 bushels of wheat in the world's available supply for the week. Corn in the United States and Canada decreased 450,000 bushels last week.

Supplies were given as follows: Wheat this year, 150,000,000 bushels against 160,000,000 last year, and oats 87,000,000 against 45,000,000 bushels last year.

## Aristocrats Begin to Show Fine Form; All Players Report

**Clem Loughlin Showed Terrific Speed in First Workout; Fearless Hec Fowler Guards Net in His Civic Clothes and Shows Nice Eye; "Moose" Arrives and Says He Was Lucky to Get Here.**

Everyone's on deck.  
The haughty Aristocrats, who are going in quest of the world's hockey championship this year, all reported at the Arena yesterday afternoon to go through the steaming process of pulling down weight and getting into fighting trim for one of the hardest seasons the P. C. H. A. has ever known.  
When "Moose" Johnson burst through the door of the dressing room at the conclusion of yesterday's practice and announced that "I'm darn lucky to be here," Manager Patrick took a towel off his head and said that his last worry had taken wing.

**Week For Training.**  
The Arries now have a whole week ahead of them before their opening game. They have a two-day advantage on the other teams and should be in wonderful form to open against Seattle. A win in the Mets' own yard is what the local team wants. They beat up the Muldoon tribe several times in Seattle last season and they want to pull off the same old trick this year.  
The alibi of poor condition will not be advanced this year if the Arries fail to get off with the jump. Every man will be on edge when the gong sounds next Wednesday, which is in marked contrast to the way the stragglers filed in last season.

**Only Need Team-Work.**  
Yesterday Lester had his crew of Stanley-Cup-hunters going like a bunch of Iroquois on the trail of a pale-face. They have speed to make the ice melt and plenty of stick-handling ability. Team-work must now be developed and if the players have their wonderful speed can be made to play together and pass the puck there will be little that will prove a serious obstacle to the Arries. But—this is the one point on which general ability will count for naught unless the players co-ordinate in their goal-getting efforts.

**Clem a Whirlwind.**  
Clem Loughlin was the most startling performer on the ice yesterday. This young millionaire, who reaped a wonderful crop on his big farm in Alberta this Summer, couldn't travel much faster if he had Ralph de Palma's racing car. Clem only arrived in yesterday morning but he was in such fine shape that he simply could not hold his feet in check and he sped about the ice without a let-up. He made the other players look as though they were standing still as he raced up and down the pond.  
Clem says that he thinks this will be his biggest year in hockey. He certainly had a picnic last season, setting more goals than he had done in his whole career previous to that date.

**Hec is Ambitious.**  
Another of yesterday's arrivals was Hec Fowler, who was Clem's consoling mate all the way down from the right zone. Hec made the acquaintance of a goal-tending stick and, clothed in elvish and with his bonnet tucked on tight, he got in front of the cage and stopped the hot shots that came in from the sharp-shooters. The players tried to ease down on the shots considering Hec's helpless plight, but the goalie did not let out a whimper until Tommy Dunderdale forgot himself and nearly cut Hec's leg off with a bullet-shot. Hec will have his playing togs on for to-day's practice and will make 'em all hustle to beat him.

**Dunderdale Shooting Well.**  
Dunderdale was shooting like a French seventy-five yesterday. His shot seems more wicked than before and the veteran may again be up

## He'll Have to Hustle This Year to Cop Scoring Honors in P. C. H. A.

FRANK FREDERICKSON.

The former Falcon skipper will have to step faster than he did last year if he wants to cop the scoring honors. The outside competition may not be as keen as that in the local club. Tommy Dunderdale is packing a fierce shot this year and Frederickson will have to be in the game all the time if he expects to nose out this scoring sensation of ten years' hockey. Dunderdale has the best scoring record of any man playing hockey and "Freddie" has a long way to go to make anything like as splendid a mark.

## Island Soccer League to Open Saturday, Dec. 10 2 Teams From Victoria

Soccer fans who are losing interest in the city football series will be glad to learn that the Island League will shortly be inaugurated, and that on practically every Saturday afternoon there will be an outside team visiting Victoria.  
The schedule of the First Division team closes on Saturday with the race practically decided in favor of the Wests. There will be a postponed game or two to settle the cellar champions.

**Wests and Mets.**  
On Saturday, December 10, it is hoped that the Island League will get under way. Efforts are now being made to organize and get the schedule operating as quickly as possible. Only two teams will represent Victoria in this circuit this year. The two leading teams in the First Division, the Wests and Mets, have won the honor of appearing in the big league. Last year the Capital had 22 minutes 5 seconds, with an arm lock and body contact, and the second in 15 minutes with a toe hold.  
He is a brother of the famous Stanislaus Zhyzsko, world's heavy-weight wrestling champion.

among the leaders in the scoring race. Tommy passes the puck well, but he seems very anxious to knock it off. Youngster is an aggressive as ever, and is boring in on the nets like an auger. He is in fine condition. Wilf Loughlin is on Harry's trail, and if the wee 'un cuts Wilf's toes many more times they'll both have to stand in the corner with their faces to the wall.  
**Eddie a Performer.**  
Eddie Oatman, captain of the squad, is going to try out as a fancy skater. Yesterday afternoon he nearly cut the ice through to the pipes doing fancy skating at one end of the rink. Eddie says that this is the best way of getting one's leg muscles in shape to stand a hard season. Eddie skated so long that his feet got tired and he "spiked" himself, although he tried hard to blame it on Meeking. The "Moose" will have his first workout this afternoon, and says he'll have a better feeling when they stop a bulky freight car on his railroad. The Moose is in splendid trim, and is a little lighter than last season, but says that he thinks this will be "his biggest year in hockey."

**He's Still Good.**  
Lester Patrick is directing the team from the ice. He looks pretty neat himself, and makes most of the youngsters look foolish in trying to get by him. Too bad there aren't some more shots of his calibre floating about hockeydom now.

Seattle, Nov. 30.—With the arrival of Archie Briden from Vancouver, the Seattle club of the Pacific Coast Hockey League, has nine players on hand for practice. Manager, Pete Muldoon, said it would be hard to choose the regulars, so well had the entire squad been showing. The men are being alternated at forward and on defense, that each may have a thorough training.  
All of which furnishes good news for the Stove Leaguers who are already in the city.

## Blind War Hero to Set Amateur Hockey Sextettes in Action

**Aubrey Archibald, Former Star Hockey Player, Who Was Robbed of His Eyesight in Great War, Will Face Off Puck on Monday Night at Arena; Teams File Registration Forms With Secretary.**

Aubrey Archibald, honorary president of the Victoria Amateur Ice Hockey Association, will face off the puck in the opening amateur game to be staged at the Arena on Monday night next.  
The executive of the association decided to give the honor of starting the teams on their long grind to this popular Victoria boy, who lost his eyesight during the Great War. Aubrey was one of the best hockey players in this Province prior to his enlistment, and while serving the guns in France a whirling piece of shell casing destroyed the sight of both his eyes.

**Is Still Keen.**  
Despite his war injury Aubrey is still a keen enthusiast over hockey. He attends practically all of the amateur and professional games and enjoys the excitement and thrills with the rest of the fans.  
This year when the amateur league was electing its officers, it decided to give the position of honorary president not to one of the big guns in the city but to the blind hero of the war. This has now been followed up by a request that Aubrey face off the puck in the opening game and he has graciously acceded.  
The officials of the league and the four clubs are busy completing their arrangements for the opening games. Interest in the amateur game is exceptionally keen this season due to the fact that so much new blood has been injected into the clubs. The same four clubs will battle for the Dunderdale Cup this year, but all will have one or two new faces on their line-ups.

**Sentators About the Same.**  
The Senators, last year's champions, are adhering to their last year line-up pretty well having signed but one new man, according to the registration forms which they have sent in to Secretary Stevens, Alex. Straith will play goal; Hughie Burnett, John Wickson and A. E. Campbell will be available for the defence, and Harry Smith, Leo Dowd and Diederl will play on the forward line with Don Smith as a spare. Campbell is the only new man in the Senators' line-up for next year. He is a native son and captured many British Columbia championships before going to McGill to study medicine.

**Elks Have New Players.**  
The Elks will have a team which will be fifty per cent. stronger than last year. The defence will probably be one of the best in the league. Harry Stuart, who tended the cage for the Senators last year, will be in the Elks' line. In front of him will be Co. Dion and Eric George, two husky boys, who can get goals with a vengeance. For their forward line they will pick from Jimmie Stewart, Elmer, Stewart and Temple, a junior, were a Garrison unit. Hooper and Elmer are both newcomers. Sid Englishman is slated for the goal position and is a fine skater and stick-handler.

**War Vets Have Fast Boys.**  
The War Vets will also be stronger than last year. They will have a very young team, but they will have the veteran Ernie Cook to steady them down in the tight moments. Harry Copas will play goal with Cook and Copas on the forward line will consist of Russell Oatman, Ross Miller and E. Dudley, three fast youngsters who can get goals with a vengeance. This trio will give the opposing defences plenty to worry about. Jackie, Bob Market and H. S. Irving have also been signed.

**The Garrison Line-up.**  
The Garrison line-up was still in doubt this morning. The club has about a dozen players picked from the Victoria and District Football Association. The club found it impossible to continue and threw in its hand.  
As a result of Yarrow's withdrawal only five teams are left in the First Division, making it necessary for the Garrison to hold a bye this Saturday. Yarrow's have not had much luck this season. They got away badly last year and never recovered. The last two Saturdays they were forced to default their games through inability to field teams.

**At the regular weekly meeting of the Victoria and District Football Association held last night it was arranged that points won in games in which Yarrow's took part should be deducted from the totals of other teams still in the running. The withdrawal of a team outstanding before that next year they will have to take their place in the second division before they can be again admitted to first division company.**

**Saturday's Games.**  
Games arranged for Saturday were as follows:  
**First Division.**  
Metropolis vs. S. O. E. at Royal Athletic Park. Referee Brown.  
Wests vs. Thistles at Beacon Hill. Referee Faulkner.  
Garrison a bye.

**Second Division.**  
Wilson's United vs. Metropolis, at Beacon Hill upper ground. Referee Payne.  
S. O. E. vs. C. P. R. at Central Park. Referee Armstrong.  
Saturday's games in the first division will be the windup, with the exception of a game outstanding between the Thistles and the Garrison. This game will make no difference to the leadership of the league, but may make all the difference in deciding who holds the cellar position. It may even mean a tie with a play-off between the Thistles, Garrison and Sons of England, and there will be lots of keenness to that play-off as the casualties are due for a descent to the second division ranks next season.

**A New Rule.**  
Percy Watson, president of the British Columbia Amateur Ice Hockey Association, is anxious to draw to the attention of all players a new rule which has been adopted this season. There will be no more scrimmaging goals.  
A line is to be drawn in front of the posts to one foot on either side of the posts and a four-foot area is described. A goalie cannot be charged in this area. If a player shoots and the rebound falls inside that area a goal scored while the goalie is in the area will be charged by another player will not be allowed. A clean shot

## AUSTRALIA WANTS DAVIS CUP BADLY

**Folks Down Under Making Plans Now for Pilgrimage to States Next Year Believe They Will Furnish Team Which Will Make Americans Step Back**

Australia is keenly interested in next year's Davis Cup contest. This is evident from the fact that before its team reached home from this season's invasion of the United States plans were taking shape for the trip in 1922. The fine performance of J. O. Anderson have greatly encouraged the countrymen and they anticipate entering a team next season even stronger than this year's representatives.  
Writing in the Sydney Referee "Austral" offers the following comment:  
"J. O. Anderson's defeat of William T. Tilden opens up a fresh vista for the Australian team of 1922. It brightens the prospects of the men of the Southern Cross actually and morally. Lawn tennis leaders will now concentrate on the great objective with renewed determination to relieve Uncle Sam of his Davis cup."

## V.I.A.A. BASKETEERS MEETING OPPOSITION

**Four Games to Be Staged at V. I. Gymnasium To-night: Crusaders to Play**

Four of the V. I. A. A. basketball teams will be in action this evening at the Victoria West gymnasium. The first game to be played will commence at 7:15 o'clock and will be between Victoria West School-Midgets and the V. I. Midgets. At the finish of this game the juniors will take over the floor, the teams competing being the V. I. A. A. and Wests.

The ladies' game which will commence at 8:15 will be between the Calgarions and the V. I. Ladies. These teams met two weeks ago in a thrilling game which the Calgarions won with a score of 12 to 6. It is expected that this evening's game will be very close, contested as both clubs are fielding strong teams.

**Crusaders vs. V. I. A. A.**  
The men's senior game will be between the fast Crusaders team and the V. I. A. A. This will be the first time that these two clubs will have strong teams on the floor an even game should be witnessed.  
The line-up of the V. I. A. A. senior team is as follows:  
Ladies—Guards, Mrs. Wallace, Miss Una Shakespeare, centre, Leo Dalgziel, forwards, Mrs. W. H. Davies and Miss Gladys Elliott.

Men's team—Guards, J. Kennedy, C. English, centre, Huxtable, forwards, Steele, N. Kennedy, Spars, Fairall.  
The Calgarions will be picked from the following: Miss Myrtle Douglas, Miss Mabel Douglas, May Shopland, Marion Streeter, Irene M. Church, Betty Harris and Katherine Wilson.

## M'TIGUE-SMITH FIXTURE MIX-UP

Halifax, Nov. 30.—A letter from Al Lippman manager for Jeff Smith, the middleweight boxer, under date of Saturday last, received in Halifax today, throws new light on the mix-up over the M'Tigue-Smith fixture originally billed for Montreal and subsequently announced to take place in New York on Thursday next. The claim is being advanced that in the articles drawn up, the place of meeting was not specified.

As an outcome of the decision of the managers of the two boxers to stage the fight in New York, M'Tigue and Smith have been barred from again taking part in fights in Montreal because it is alleged they have broken contracts with a promoter in that city to appear there on December 12.

Edmonton practiced but the public was not given a chance to see them in action, and as the westerners believe that they have secrets to guard, they are not likely to divulge anything previous to the game. From what can be learned about them, they are another McGill team—one backfield player of class and a wing line which specializes in line plunges, deftly and offensively. The Globe sporting writer expects that, like Parkdale, the Edmonton wing line probably will show a lot of strength in stopping line plunges, but that is not where the Argos will direct their attack, and if Cochrane opens up the play he will force the westerners to weaken their inner defence to such an extent that it will be an easy task for men like McCormick and Sturtevant to get through for long runs.

## VICTORIA MAY GET IN NEW BALL LOOP

**Talk of Having All-Western League to Embrace Prairie Cities and B. C.**

**Deacon White, President of Western League, Is Anxious to Enlarge Scope**

Vancouver, Nov. 30.—Vancouver baseball interests may be vested in a new circuit next year.  
According to gossip now going the rounds, the plans under which call for the organization of an All Western circuit embracing at least three cities in Alberta and Saskatchewan and at least two clubs on the coast, Vancouver and Victoria or Vancouver and Tacoma.  
President Deacon White of the Western Canada League is anxious to see the new league organized and he has been in communication with coast clubs for some time concerning the proposal. White is now in the East and will attend the minor leagues' convention at Buffalo where he will meet the coast officials and discuss the project.

**Bob Brown Talks.**  
President Bob Brown of the Vancouver club is non-committal on the subject. "I expect to have a talk with Deacon White in Buffalo and hear what he has to say about the plan," President Brown admitted today. "At present we do not know what our plans are for next year. The Pacific International League expects to operate again, but if it can be shown that a strong All Western circuit can be put over, taking in coast cities along with Calgary, Edmonton and other prairie towns, I have no doubt that we would entertain the proposition."

All of which furnishes good news for the Stove Leaguers who are already in the city.

## TORONTO WILL HAVE BIG TIME SATURDAY

**Three Big Sporting Fixtures Arranged for Day, Featuring Argo-Esks Game**

Toronto, Nov. 30.—Saturday of this week will be a big sporting day in Toronto.

In the morning the Ontario Hockey Association annual convention will be held; in the afternoon the Argonauts of Toronto and the Eskimos of Edmonton will play at Varsity Stadium for the football championship of Canada; and in the evening, Granites and Aura Lee will stage the first hockey game of the senior S. P. A. series at the Arena.

The Eskimo-Argo game is the big feature in the sport pages of the local papers.

## McKay Defeats Ortega

Seattle, Nov. 30.—Gordon McKay, Pocatello, Idaho, middleweight won the referee's decision over Battling Ortega, champion of the coast title, after four rounds here last night. Ortega was outclassed throughout displaying but a shadow of his former prowess.  
Frank Hayes, Butte negro, welterweight, defeated Jack Winn, of San Diego.

## To the Electors of Victoria:

Certain Questions Were Asked the Hon. Dr. Tolmie in The Times of November 28. He purported to Answer Them in The Colonist of November 29. Read the Questions and Answers.

The Charge ("Times" Nov. 28, 1921)

Speaking in the House of commons on Thursday, May the 14, 1914 at the time when \$45,000,000.00 was being voted for the Mackenzie and Mann Railways.

R. B. BENNETT, then member for Calgary East, now, Minister of Justice in Meighen's Cabinet. On being interrupted by the Hon. Arthur Meighen who was in charge of the bill said:

"If the gramophone (Meighen) of Mackenzie and Mann thinks I consider that as other than an insulting remark he is mistaken."

Again Mr. Meighen interrupted, and Mr. Bennett said to him: "I will not be diverted from my argument by the impertinent interruptions of this young man. . . . I do not propose that the thread of my argument, as is obviously his intention, shall be broken merely by the honorable gentleman's standing in his place and repeating the record he (Meighen) has received from the gramophone."

The questions and Dr. Tolmie's answers:

QUESTION 1 (Times, Nov. 28, 1921)—"Was the Hon. Mr. Bennett telling the truth?" THE ANSWER (Colonist, Nov. 29, 1921)—"I, Mr. Bennett, like all other sensible Liberals throughout Canada have discovered that the sanest statesman in Canada to-day is the Honorable Arthur Meighen, and has joined his forces to make Canada a sane and possible place to live in."

The comment—Hon. R. B. Bennett was never a liberal. He was at one time leader of the Conservative opposition in the Alberta Legislature, and is a partner of Senator Loughheed, Government leader in the Senate. When Mr. Bennett charged Mr. Meighen that he was the "gramophone" of Mackenzie and Mann he represented Calgary East as a Conservative and follower of Sir Robert Borden.

QUESTION 2—"Is Mr. Meighen still the gramophone of Mackenzie & Mann?" THE ANSWER—"Mr. Bennett was relying on information supplied by the Liberals, which he since has learned is incorrect."

The comment—The charge was made by Mr. Bennett, one of the foremost railway lawyers in Canada, in the course of the greatest speech of his parliamentary career, when he broke away from his party to stigmatize the grant of \$45,000,000 to the Mackenzie & Mann interests. These statements made by Mr. Bennett on his responsibility as a member, have never been retracted. Nor were his charges really controverted by Mr. Meighen, who as Solicitor-General was in charge of the bill.

QUESTION 3—"If Mr. Bennett was telling the truth then, how can Tolmie support Meighen now?" THE ANSWER—None whatever given.

Comment—Has Dr. Tolmie made any effort to learn if Mr. Bennett was telling the truth?

QUESTION 4—Why did Dr. Tolmie refuse to let the Liberal Opposition obtain facts about the contracts and management of the Canadian National Railway? THE ANSWER—"Dr. Tolmie has never refused to give the fullest information to intelligent people, either on the floor of the House or elsewhere."

The comment—If this is so, why do we have such conflicting statements about the railway deficit?

"Last year the total railway deficit amounted to \$70,495,702.45."—Hon. J. D. Reid, Minister of Railways and Canals, speaking in House of Commons, March 17th, 1921.

"The total railway deficit for last year amounted to upwards of \$128,829,330."—J. L. Payne, late Dominion Railway Statistician, in Montreal Star, March 19th, 1921.

The Government railway losses last year were "far greater than recently reported. They are very much more than what has appeared on the surface."—Hon. F. B. Carvell, Chairman of Government Railway Commission, speaking in Ottawa, March, 1921.

And why did Dr. Tolmie and his colleagues refuse to have these questions investigated by a committee?

"(1) What is the total amount of the present railway deficit?  
"(2) What are the causes that produced that deficit?  
"(3) What remedy should be applied to prevent a recurrence of railway deficits?"

QUESTION 5—"Why, when the money for the completion of the C. N. R. terminals is actually in the bank, did he refuse to allow this work to go forward?" THE ANSWER—"If the writer of this 'ad' knows that the money for the completion of the C. N. R. terminals was in the bank, he knows more than any other man in Canada."

The comment—The moneys for terminals were raised by sales of debentures guaranteed by this Province. The moneys were paid into a trust account and can only be paid out with the consent of the Provincial Railway Department. If Dr. Tolmie will phone that Department or the Hon. John Oliver, the Minister in charge, he will find that there is to the credit of this account for the Victoria terminals the sum of \$344,200.00.

In addition, the Hon. John Oliver wrote and wired to the Hon. Dr. Reid, Dominion Minister of Railways, and D. B. Hanna, as late as August 18, 1921, and November 15, 1921, pointing out the need of providing for unemployment here, that these moneys were available, and asking the work be proceeded with.

QUESTION 6—"Why is the C. N. R. on the Island not being completed, when the people of British Columbia have paid the money for it, and the Dominion Government has assumed the obligation to build the line?"

THE ANSWER—"Dr. Tolmie has an announcement to make on this point, and will deliver it at the opportune moment."

The comment—"Obviously no answer. But does it mean that after waiting all these years we are to have another pre-election promise? And what good will Mr. Meighen's promise be after his Government has been defeated?"

QUESTION 7—"Why are the Outer Docks allowed to lie idle after the expenditure of millions on them by the Canadian people?"

THE ANSWER—"The Outer Docks were built by the Government to accommodate the merchant marine—specifically to help this city. Have the citizens of Victoria (individually or collectively) made any definite proposition to the Government to utilize this commodity placed at its door?"

The comment—Again an obvious evasion of a fair question that the electors of this city are entitled to have answered. The docks are not ready for use so how can they be used?

which is now at the Capitol.Miss Ayres has the effective role  
of Diana Mayo, a headstrong but  
brave and spirited English girl who  
encounters the Sheik in the desert  
and learns finally to love him after  
a somewhat harrowing experience  
and complete subjugation to his in-  
domitable will. He is a terrible  
master of men and women. None  
can stand against his power which  
in his empire of sand is almost in-  
vincible.Wild riding and fighting, gripping  
scenes in desert sandstorms, action  
packed action—such are the ingredi-  
ents of this play by Monte M.  
Katterjohn, adapted from E. M. Hull's  
novel. And Miss Ayres has a role  
in it, difficult, filled with hard  
work and tense acting, to which she  
does it, more than full justice.The feature attraction is intro-

duced by a prologue, the popular  
singer "Till the Sands of Time Grow  
Cold," being rendered by Mr.  
Handley Wells, the well known local  
basso. Miss Hildy Levis is also  
heard to advantage in her songs.Wild riding and fighting, gripping  
scenes in desert sandstorms, action  
packed action—such are the ingredi-  
ents of this play by Monte M.  
Katterjohn, adapted from E. M. Hull's  
novel. And Miss Ayres has a role  
in it, difficult, filled with hard  
work and tense acting, to which she  
does it, more than full justice.**Opposition Walks Out  
of House as Protest;  
Beer Clause Unsettled**After Conservative members, refusing to discuss anything but  
a Government bill, had made a dramatic exit from the House, the  
Legislature last night debated the beer question for a few minutes,  
but finally left it as much up in the air as ever.When Mr. Bowser had led his party from the Chamber, as a  
protest against the Government's decision not to bring in legisla-  
tion on the beer question, Capt. Ian MacKenzie urged support for  
a beer clause or the submission of a referendum on the question  
to the voters. Thomas Uphill, Labor member for Fernie, counteredwith an amendment asking that a  
beer clause be brought in forthwith  
and when Dr. K. C. MacDonald,  
Liberal member for North Okanagan,  
moved the adjournment of the de-  
bate, the matter was left unsettled.After the Conservatives had left  
the Chamber all Government sup-  
porters with the exception of David  
Whitely, New Westminster, and  
James Ramsay, Vancouver, and all  
Independents, except G. H. Hanes,  
North Vancouver; Thomas Menzies,  
Comox; Kenneth Duncan, Cowichan,  
voted for the MacKenzie resolution.The vote in  
favor of the MacKenzie motion, to  
go into committee: Paterson, Yorston,  
Macdonald, Anderson, Sutherland,  
King, Oliver, Farris, Sloan, Mac-  
lean, Pettullo, Hart, Barrow, Buck-  
ham, Clearhue, Jackson, Pauline,  
MacKenzie, Kergin, Government sup-  
porters: Uphill, Guthrie, Neelands,  
Menzies, Independents.Against the resolution: Whiteside,  
Ramsay, Government supporters:  
Hanes, Duncan, Independent.  
Absent: Mrs. Smith, Burde, Hen-  
niger.Attempt to Evade Responsibility.  
"Since this Government has come  
into office," Mr. Bowser commenced  
when the MacKenzie motion came be-  
fore the House, "it has succeeded or  
attempted on many occasions to more  
or less depart from constitutional re-  
sponsibility by introducing measures  
in committee of the whole which or-  
dinally would be introduced as Gov-  
ernment measures and for which the  
Government would take full responsi-  
bility."The Government has shown by its  
various changes of policy that it has  
no definite continuity of argumentor policy except on one question—to  
keep themselves in office. My hon-  
orable friends have suggested on this  
occasion to the honorable member  
for Vancouver (Capt. MacKenzie)  
that they should again avoid con-  
stitutional responsibility and that the  
House should go into committee of  
the whole for the purpose of advising  
the Government whether it is safe  
to bring in a beer clause or whether  
it is safe to bring in legislation ask-  
ing for a referendum on the beer  
question."I wish to say that that statement  
is not correct," Capt. MacKenzie in-  
terrupted.Divided Government's Will.  
"I'll have to accept my honorable  
friend's statement," Mr. Bowser pur-  
sued. "If the suggestion was not  
made to him he has divided the idea  
of the Government and brought the  
question on the order paper in this  
way.""Since coming into office the Gov-  
ernment has carefully avoided the  
danger line and so anxious are they  
to hold office that they are willing to  
depart on the slightest excuse, under  
the constitutional principles under  
which we have been governed for  
years.""This Liquor Department is one of  
the most important in the adminis-  
tration and the Government expects  
large revenues from it. You would  
naturally have thought that the Gov-  
ernment would at least have had some  
idea on its future policy in connec-  
tion with liquor, whether beer or  
other liquor. Now we find that al-  
though the Government, in the King's  
Speech, stated that it would have  
some minor amendments to the Li-  
quor Act to introduce, yet we have  
seen no sign at all of any Govern-

ment bill embodying these amend-

ments.

Last Minute Plan.

"Instead, in the dying days of the  
session, we have this resolution that  
this House go into committee for  
the purpose of advising this weak  
Government what stand they shall  
take without danger to themselves  
in connection with legislation on the  
beer question.""We don't propose on this side of  
the House to assist our friends op-  
posite in such a weak, unconstitu-  
tional practice. If they don't control  
a majority of the House then, in or-  
dinary decency, they should step  
down and allow someone else to take  
their places or else they should take  
the responsibility of introducing leg-  
islation in the proper manner. This  
they did not do last year when they  
attempted to obtain the opinion of  
the members on this side of the  
House, as well as on their own, as to  
how to bring down an act that a  
majority would support. We refused  
to countenance any such unconstitu-  
tional practice and their method be-  
came the laughing stock of the coun-  
try. The people appreciated the  
weakness of the Government."

To Take No Part.

"As a result of going into com-  
mittee there was not a single man  
on this side of the House who had  
courage to offer a single suggestion.  
We held that the practice was un-  
constitutional and see no reason for  
changing our views now. So far as  
we are concerned we intend to take  
no part on the discussion at all. The  
House can go into committee but  
we will not vote on the question.""But when my friends waken up  
and when their consciences—if they  
have any—pricks them to such an  
extent that they bring down a Gov-  
ernment bill, then we will take part  
in the discussion."

Favors Beer Clause.

R. H. Pooley, Conservative mem-  
ber for Esquimalt, said that he had  
always favored a beer clause pro-  
vided beer sales were properly  
handled. Lack of a beer clause in  
the Act had driven many people to  
whisky, he said. He would vote for  
a beer clause but he could not under-  
stand the attitude of the Government  
on the beer question."I thought by the King's Speech  
we were going to get some chance to  
say something on a beer clause," he  
went on. "We have waited and  
nothing has happened. I will not ac-  
cept the proposition put up in this  
way. This is a Government matter  
and the Government should bring it  
into the House. Surely the Govern-  
ment has its mind made up on the  
matter."Mr. Pooley said that many people  
who were opposed to a beer clause  
six months ago were in favor of  
it now because the present Act had

driven drinkers to whisky. Many

prohibitionists, indeed, favored the

act, he said.

When the Speaker proceeded to put  
the MacKenzie motion, that the  
House go into committee, the Opposi-  
tion rose as one man and walked  
from the Chamber amid the derisive  
laughter and desk-thumping of the  
Government supporters.

Arguments For Plebiscite.

Capt. MacKenzie then made a  
strong appeal to the members left in  
the House for support for a beer  
clause, or the submission of a refer-  
endum on the question. He said he  
wished to take the matter out of  
politics, and felt he had embarrassed  
the Government as much as he had  
the Opposition. However, he had  
acted upon his own initiative.He spoke of the referendum a year  
ago as "that rather ambiguous man-  
date." All he wished was a clean-cut  
expression of the will of the people.  
If any other member of the House  
cared to introduce a beer clause he  
would support it.Capt. MacKenzie claimed it would  
cost little to get a true mandate from  
the people. The municipal election  
machinery could be utilized and the  
cost would not be over \$25,000. This  
could be taken from the liquor profits.  
He said that the best interests of  
temperance would be served if the  
free use of beer were provided, the  
beverage to be served in the better  
class hotels and clubs.Thomas Uphill, who has been one  
of the outstanding advocates of beer  
since the Liquor Control Act went in-  
to force, appealed to the Government  
to bring in a beer clause without put-  
ting the country to the expense of a  
plebiscite. He thought the members  
should accept the responsibility and  
prove themselves big enough to  
handle the situation.Chairman Pauline asked if the  
member were moving an amendment.  
Mr. Uphill said he could call it what  
he liked.The Fernie member's resolution was  
then read. It asked that provision be  
made for the sale of beer in the  
shops in standard hotels and bona fide  
clubs.

Alleges a Falsehood.

He claimed that it was a falsehood to  
say that beer could be easily obtained  
by the miners in his district. They  
preferred the lighter beverage but  
could not get it. He mentioned the  
towns of Coal Creek and Corbin, both  
located some distance from the rail-  
way."These men cannot get beer," he  
added, "but the man with the  
spondulicks or a car can get what  
he wants even if he lives some dis-  
tance from a Government store. A  
beer clause will work toward greater

sobriety in British Columbia."

Mr. Uphill claimed that the man

living some distance from a store

would buy whisky rather than beer.

All Bar Rooms.

"And still you say you have elim-  
inated the bar," he ridiculed. "There  
are fifty bars to-day where there was  
one before prohibition. Nearly every  
room in the hotels is a bar room and  
sometimes my own."He claimed that Alberta beer could  
be imported into Fernie for \$17 per  
barrel, while the British Columbia  
product cost \$20."Forget the profits and work for  
the interests of the majority," he ad-  
monished, concluding by saying he  
hoped he had convinced the whisky  
drinkers that beer was better.Dr. K. C. MacDonald then moved  
the adjournment of the debate.Order Personal Xmas Greeting

WITH HER LIVER**

FOR OVER 4 MONTHS

When the liver becomes slow,  
sluggish and torpid it is not working  
properly and does not supply suffi-  
cient bile to thoroughly act on the  
bowels and carry off the waste pro-  
ducts of the system, hence the bowels  
become clogged up, the bile gets into  
the blood, constipation sets in and  
liver troubles follow among which

## ELKS PREPARE FOR RELIEF WORK

Charity Ball to Be Held to Augment Relief Fund

Various charitable organizations throughout the city are busy perfecting plans for their annual drive for funds in aid of the destitute at Christmas.

Prominent among these organizations is the Benevolent and Protective Order of Elks. The Elks, in past years, have opened a special relief within their membership, apart from the general relief fund which operates throughout the year and handles cases brought to their attention by the members of that order.

Last year the local lodge co-operated with the Rotary Club and Friendly Help and provided Christmas cheer for more than fifty families, obtaining over \$1,000 from their members for that purpose.

As the distress in Victoria appears to be more acute this year than last, it has been decided to advance the date of the annual Elks' ball over a month, in order to hold this popular event during early December. By devoting the net proceeds of this affair to the relief fund, it is hoped that the latter will be considerably augmented, thus alleviating the additional cases of distress to be handled this Christmas.

### Ladies' Auxiliary

Acting conjointly with the B.P.O. Elks this year will be the Order of the Royal Purple, the ladies' auxiliary of the Elks' Lodge.

This organization, although formed but two years ago, has assumed a dominant position in the social and charitable activities of the Elks. To the ladies has been entrusted the delicate task of ascertaining the wants of the needy, the men will provide.

This year's annual ball will be the eighth of its kind. It will be known as the Elks' Charity Ball as well of future annual fixtures. It will be held on the evening of December 3 at the Alexandra Hall and as each preceding affair has been considered a criterion for future events, the committee in charge intend to make this year's charity ball the premier social event in the annals of Victoria Elksdom.

The decorative scheme will be simple but unique; beautiful but not lavish, in keeping with the aims for which the event is being held.

### Decorative Scheme

The hall will be resplendent in the colors of both orders—purple, white and gold—conspicuous among which will be the motto of the ladies' auxiliary: "Facta Non Verba." Elks' heads will predominate throughout. The "inner man" will be cared for by Mr. Andy Hill. Mr. Hill's reputation in this respect is of the highest. He has handled some of the biggest affairs held in this city, notably this and last year's Policemen's Ball.

The Elks' Orchestra of seven pieces, under the leadership of George Oard will take charge of the musical arrangements. Guests of former years have pleasing recollections of this band of musicians and will be delighted to know that they again have been engaged.

Twenty-odd dances are numbered on the programme, the first of which will start promptly at nine o'clock. Intending guests should procure tickets early from the Secretary, Elks Club, telephone 656. Those holding the first 75 tickets will be served supper at 11 o'clock, and 75 every thirty minutes thereafter. This will insure every guest being properly cared for. No ticket holder will be served before the time allotted to the group of which he is a unit.

## SETTLERS BUY LAND ALONG P.C.E. LINE

Baptist Colony Purchases 80 Quarter Sections

J. G. Wood, manager of the Battenbury Lands, Ltd., has informed Premier Land, Ltd., that the Baptist colony of Athens, Oregon, has enlarged their purchases from the Company to embrace eighty quarter-sections on the route of the P.C.E. line of Prince George.

Mr. Wood recently spent two days at Athens, and visited the farms of these prospective British Columbia settlers. He found that Athens is the richest wheat district in Oregon, and noted with pleasure the high state of cultivation on the lands rented by these settlers, who are of a particularly fine type. Baptists in religion, the majority are Americans, but all of English, Scotch and Irish descent, a large number having come direct from the Old Country.

In addition to the purchase of the eighty quarter-sections, the leads of the colony informed Mr. Wood that they would like to have an option on the other twenty sections, as they have a sister colony a little to the south of Athens. The Battenbury Lands, Ltd., in their desire to co-operate with the land settlement policy of the Provincial Government, have sold the land at moderate prices bearing a low rate of interest, with a ten-year term for repayment.

Mr. Woods intends shortly to take up with the Government the question of providing roads and schools for these new settlers. He says that his Company stands ready to help in every possible way, and feels sure that in the near future British Columbia will have reason to be proud of the development of the lands along the P.C.E.
